|-1-| Introduction

---

This document is intended to be an organized and accurate timeline of any and all events referred to and/or occurring within any canon installment of Kojima's Metal Gear series. There are already several storyline guides that are organized by game or by character, but I felt a guide was needed that set forth all the events of the series as they happen, chronologically, without the limitations of character point-of-view or organization by each individual installment. So I created this guide to accomplish that goal, and to be more of a visual tool for understanding the whole series as it intertwines with actual history.

This guide covers the main Metal Gear story arc:

Metal Gear (MSX-2, PS2),  
Metal Gear 2: Solid Snake (MSX-2, PS2),  
Metal Gear Solid/The Twin Snakes (PSX, GC, PC),  
Metal Gear Solid 2: Sons of Liberty/Substance (PS2, XBox, PC),  
Metal Gear Solid 3: Snake Eater/Subsistence (PS2),  
Metal Gear Solid: Portable Ops/Portable Ops Plus (PSP),  
... and eventually Metal Gear Solid 4: Guns of the Patriots (PS3).

I only consider text from the manuals, text from the games, and words straight from the creators' mouths reliable enough to base information on for this FAQ.

Any useful input would be welcome and greatly appreciated. Feel free to e-mail me and notify me of any spelling/grammar/timeline errors, to make a suggestion, to offer an alternate idea as to the placement of events on the timeline, or even to simply ask a question about the Metal Gear storyline. If you e-mail me with a suggestion though, please be as descriptive as possible and give me some evidence to back up your claim. Also, please use proper English (don't send me e-mails consisting mostly of leet and Internet lingo). Be sure to mention the FAQ in your subject line and please no attachments.

-----

Version 1.0 (6/19/06) - Initial draft of timeline. Bulk of general information complete. Submitted FAQ to GameFAQs. More detail may come later.

Version 1.1 (6/24/06) - Added [www.supercheats.com](http://www.supercheats.com) to the authorized web sites list. Made some detail adjustments with help from people on GameFAQ's message boards. Revised all of the awkward, bulky sections (MGS2 is a beast). Added all currently known storyline info for Portable Ops and Guns of the Patriots.

Version 1.11 (12/24/06) - Added [www.thesonsofbigboss.com](http://www.thesonsofbigboss.com) to the authorized web sites list. Updated my e-mail address (If anyone has tried to e-mail me since July or August, please write me again and I'll respond as soon as I can. My new e-mail address is [drummerdave4689@cableone.net](mailto:drummerdave4689@cableone.net)). I'll be adding the events of Portable Ops to the timeline very soon, so keep checking back.

Version 1.5 (3/29/07) - Added the events of Portable Ops to the timeline. I'm still a little bit fuzzy on how some of those events tie together so if someone wants to read over what I've done and make some suggestions, that would be greatly appreciated. I still need to add details to the events of Metal Gear and Metal Gear 2: Solid Snake, so keep checking back for another update.

Version 1.6 (6/5/08) - Just a few minor updates in preparation for MGS4's release here in about a week. Added details from the timeline at the end of the Metal Gear Saga Vol. 2 DVD.
