for the playstation / The demons's reactions lists  
by Mew seeker

Version History :

\*\*\*\*\*

-Version 1.0 : Another thing that should have been out since an eternity!  
(12/30/04) Actually, no! It's not as bad as the pok<sup>騨</sup>ons Stadium Guide!  
However, I don't understand why YOU, reading this, haven't  
started a guide like this one! > : )  
Anyway, the guide almost all of the reaction for the "Tatsuya  
team". Also, the likes of Slime, Poltergeist and Nightmare have  
a wider coverage right now.

-Version 1.1 : Not much new stuff. I found the name of the fourth "dead"  
(02/26/05) contact (Malicious Remarks). I also added info on one of the  
"Fool question". I have new infos on paper but I must still  
write it in this guide. ^-^; Better luck with the next update!

-Version 1.5 : Big update! First, I added Nate's contacts on the list. I have  
(03/13/05) all of them now, unless they are special ones in the EX dungeon.  
Anyway, I have written lot of Nate's contact and also a lot of  
contact reaction gotten by the Sumaru Genie Blue Dragon Effect.  
I added a list of tones and started a persona talks section.  
I have written some of them so take a look ! ^-^

-Version 1.8 : Big update! I got a lot of data on the reactions gotten under  
(07/06/05) the blue dragon effect. I added some Persona talks and I have  
started a "dead" contacts section.  
I have received data from Mesia about the elusive Biyarky +  
his infamous persona talk. I have also made some minors changes.

-Version 1.81: I have given permission to [www.digitaldevildb.com](http://www.digitaldevildb.com) for posting  
(07/14/05) my faq. Just remember that gamefaqs will have the highest  
priority when it'll come to updates.

Intro

\*\*\*\*\*

Hi! ^-^ New to this game? It's kind of cool! However, to make the best of it, you need to contact demons and forge contacts with them. Yes, that's right. However, the term "demon" is used in it's wider definition. It's a little bit like the Mystics from Chrono Trigger, the Deimos from Arc the Lad Twilight of the Spirits, the Namek/Evil Tribe from Dragon Ball or even Bowser from Super Mario RPG! In short, in this game "demon" = more or less "monster". That why stuff like Blob, Slime, Pixie, Phoenix, Odin, Power, Demeter and Alice are classified as demons. Sometime, the conversations get a bit surrealist like when Maya says "I'm worried about you" and the demon answer : " But I'm a demon..." or like, after a little bit of dancing, the demon gets mad and says : "That's the devil dance!" ^-^

Anyway, I decided to take notes so I could manage to make my way through the game without too much trouble. After that, I thought : "Why not make a guide from that?" So there is this guide, listing the many, many reactions to the different contacts. It will make your life 1 000 time easier! ^-^ I hope! ^-^;

Mechanics overview

\*\*\*\*\*

Before the lists, I will talk about the mechanics of this game. Chance are that if you played the game, you already know them very well. Beside, the game explain them a bit and experimenting gives you a good idea of how it's works.

Feel free to skip that section. If you don't, here is the mechanics overview.

During a battle you will meet demons. You talk to them with the contact command. The game will ask you to choose a demon to talk to and then up to three of your team members to talk to them. The combination will determine the type of contact used. The reaction of the demon to it will depend of its own personality.

There are four basic reactions : happiness, interest, fear and anger. During a session of contact, you have to build up a reaction three times before it takes effect.

Happiness is shown by a green light surrounding the demon. The demon will propose you to forge a contract if your level is at least equal to his level. In that case the battle will end. Else, he will give you his basic item, some money or heal you. If you already have a contract with this demon, you can ask him to give you his basic item, some money, a rumor or to spread a rumor for you. After that, he will leave and the fight will continue.

Interest is shown by a yellow light surrounding the demon and a "!" mark above him. The demon will give you tarot cards of his own type (like Tower from Slime or Lovers from Pixie). Also, if you have forged a contract with that demon, he will also give you blank tarot cards that may be drawn into the type you want. After all of this, the battle will end.

Fear is shown by a blue light surrounding the demon you big meanie! It will run away from the fight, reducing the number of demons in the fight. If you have a contract with that demon, he will break it. Also, they may spread bad rumors about the Legendary Weapons.

Anger is shown by a red light surrounding the demon. If you have a contract with him, he will break it and leave the fight. If not, the contact will end and the demon will fight you. He might even get a free turn! Also, you won't be able to contact him during the rest of the battle. You can however contact the other demons if you wish.

Now, the advanced reactions. They are the combinations of Interest + Happiness/Anger/Fear. They level up two emotions at the same time. If with those, you level up two emotions at the same time to level three, you will see those results :

Interest + Happiness : the demon will be surrounded by a green light and there will be a "!" above him. He will either give you an item, some money or heal you and then leave the fight.

Interest + Fear : the demon will be surrounded by a blue light and there will be a "!" above him. The fight will go on. The demon will be charmed and will fight your opponents.

Interest + Anger : the demon will be surrounded by a red light and there will be a "!" above him. If you have a contract with the demon, he will break it and leave the fight. Else, the contact will end and he might get a free turn. Also, he will be berserked and will only attack physically and harder than usual.

However, you won't see the advanced reactions that often. Let say that you build up the interest of the demon twice and then provoke an advanced reaction, you will only see a yellow light. The reason is that, to provoke an advanced reaction, you must build up both reaction to level three exactly at the same time. Then, the easiest way to cause and see them is to use the contact provoking them three times in a row. For exemple, try "Radiant Women Unite" three

time in a row on Nightmare.

Not too hard to understand yet? Don't worry, you'll get the hang of it.

During a contact, a "alive" character can "team up" with a dead character. The alive character will talk about the dead one. Give it a try! ^-^

Now, sometime, when the battle start or when you interest or anger the demon, he will ask you a question and you must answer it. Each answer may cause two possible reactions among happiness, interest, fear and anger. For example, if Slime ask you what you want from him and that you answer "a card", he might get angry ("Who do you think you are!?" ) or get interested ("What should I do"). Learn their questions and the reactions to your answers!

Now, listen well. Sometime, very rarely, when you contact a demon and that he ask you three questions in a row without any break (building up twice his happiness and interest level), he might ask you a rare question, the "Fool" question. If you answer correctly (by giving the most foolish answer I think), the demon will give you a precious Fool tarot card. Witouth those "Fool" questions, you can only get at most six of those in a walkthrough of the game. So, if you see a unusual question, keep that in mind.

I have yet to get one of those special question! ;-; However, other persons have gotten them so chance are that they're real, just rare like a Pink Tail or a Glass Helmet from Final Fantasy IV!

Update! I finally got a Fool card from contact! See the Fool questions section after the two lists.

Uh? What are tarot cards for? Spreading rumors? Drawing Tarot Cards?

I won't cover that. I suggest that you consult the others excellent guides at gamefaqs for answers. Watch out for spoilers though! You could also ask a question to the gamefaqs's Persona 2 board. There are many nice guys and girls there that will answer you!

Uh? You don't understand the stuff that I just say? Sorry! ^-^; Well, try to experiment with the game first. If that doesn't help, you could always e-mail me.

Uh? You can't contact the demon but instead get special text? You are fighting either a Zombi type demon, a human, a boss or a special demon. The last type is harder and more rare than most demons but will give you good stuff if you defeat them.

Uh? Are Fool tarot cards that good? Yes they are! : )

If you don't believe me, you can always ask on the Persona 2 board.

Now, below are the big list ( also called "the big wire"!) and the "small" list.

After that, there is the Fool questions section.

\*\*\*\*\*  
How to read the big list  
\*\*\*\*\*

The big list contain all of the info that I gathered about the reactions of demons. It is sorted by the personalities of the demons A personality is made of up to three of the following :

Fool

Wise  
Arg (Arrogant)  
Tmp (Temperant)  
Blf (Bluff)  
Tmd (Timid)  
Chf (Cheerful)  
Glm (Gloomy)

Under the personality will be the names of the demons having it.

Below to the left will be a long list of the many contacts present in the game.  
Below to the right is a second list showing the reaction of the demon of that personality to the contact.

For example :

###Personality : Arg/Blf/Chf

###Demon with that personality : Yaksha, Valkyrie

###Interview : ( R ) Reverse : ( )

It mean that Yaksha and Valkyrie would be angered if you tried to interview them.

The "R" stand for "red", color of anger in the game.

R stand for red : Anger  
Y stand for yellow : Interest  
G stand for green : Happiness  
B stand for blue : Fear  
RY stand for red + yellow : Anger + Interest  
GY stand for green + yellow : Happiness + Interest  
BY stand for blue + yellow : Fear + Interest

Also, you will see stuff like this : ( G /R )

It mean that male demon of that personality will react happily (G) to the contact. On the other hand, female will be angered (R) by it.

Reaction for male demons will be on the left side of the "/" and reaction for female demons will be on the right side of the "/".

The following contact are know to affect differently male and female demons :

Radiant Women Unite, Women Wanted to Marry, Working Women, Working Women?,  
Come on Baby!, Song for a baseball fanatic, Men..., If look could Kill...,  
Passionnate Gaze, Prince, Prince (Ulala envious of Maya),  
Prince (Katsuya protects the two) and Prince (Irresponsable Baofu).

The female demons are :

Pixie, Nightmare, Ratatosk, Harpy, Empusas, Erinys, Mou Shobo, Ixtab, Nekomata,  
Angel, Kiyohime, Pariker, Hel, Demeter, Lilim, Aeshma, Succubus, Pucel,  
Phoenix, Mucalinda, Jahi, Adramelech, Tzitzimitl, Valkyrie and Alice.

Also, you will see stuff like this : Reverse : ( B )

It list the reaction of the demons to contacts while the Blue Dragon effect from the Sumaru Genie is on. The Blue Dragon effect reverse the personality of the demons.

From what I have seen, it change Fool into Wise, Gloomy into Cheerful, Bluff into Timid, Arrogant into Tempered and vice-versa.

Right now, the list is incomplete but it's quite possible that after it is 100% complete there will be some empty spots left. I am mainly thinking of Nekomata "girl-only" section and Blob "guy-only" section. I'm also thinking of Nante's "Justice is only ..." contact which get replaced after the factory by "Investigation of Terror".

Note on Biyarky :

Biyarky is a rare demon in the game. However he may be contacted. The data on him is the one that have been confirmed. However, he should react as Demeter would react with the Blue Dragon effect, should you meet him. That because their personality are opposites. However, Biyarky is a guy and Demeter a girl. When using contacts that gives different results on guys and girls, you won't be able to use Demeter's data to predict Biyarky reaction.

One more thing. You might want to use the "search" option to get to the part of the list you want to observe. For example, push "Ctrl + F" and type Alice to find the section about Alice. Also, you might also want to put that list into Microsoft Excel or something equivalent for reading. I won't mind! ^-^;

\*\*\*\*\*  
How to read the "small" list  
\*\*\*\*\*

Since the big list is, well, big, I made a smaller one from the big one.  
It should be easier to read. Instead of listing all of the reactions from  
contacts, you will instead see the contacts that doesn't cause anger.  
It's probably that one that you'll want to print.

Once again, you will see the personality, the names of the demons.

Then, you will see a letter standing for the reaction

R stand for red : Anger  
Y stand for yellow : Interest  
G stand for green : Happiness  
B stand for blue : Fear  
RY stand for red + yellow : Anger + Interest  
GY stand for green + yellow : Happiness + Interest  
BY stand for blue + yellow : Fear + Interest

and the contacts causing that reaction.

For the contact like Prince causing different effects to male and female  
demons, it will be specified if the effect is on male, female or both type of  
demons.

You will also see a "reverse list" , which will list what reactions the demon  
will have while under the effect of the Blue Dragon.  
It will be at the second half of the shorter list.

If you remember, the Blue dragon effect change the personalities of demons :

Fool < === > Wise  
Arg < === > Tmp  
Blf < === > Tmd  
Chf < === > Gln

I will also write for "reverse personalities" their normal equivalent. For  
example, reverse "Arg Fool" demons will be normal "Tmp Wise".  
If you use "Persuade ?" on them, they'll all be happy.  
Some personalities don't have an equivalent. For example, "Fool" demons like  
Slime don't have a counterpart since they're aren't any "Wise" demons in the  
game.

One more time, the search option will help you get around (Ctrl + F).

"Dead" contacts

\*\*\*\*\*

Sometimes, one of your character will die during battle. It is possible then to contact the demons by choosing one living character and team him up with one dead character. Those are the "Dead" contacts

They are Vow Revenge, Vowing Revenge, Speak to the Dead, Grieving the Dead and Malicious Remarks.

Those contacts are particurlar firstly because you can't get from them a pure happiness or a pure interest reaction from demons. Also, they are the only contacts that cause a dual reactions (interest + something else) from fool personality demons. Because of that, there is no dead-related questions from demons. I wonder if it's the same in the Japanese version pf the game?

On the other end, it's very easy to get dual reactions from demons with those contacts.

The other particularity of the "dead" contacts is that they varies during the course of the game. For example, you will see the "Malicious Remarks" contact with Baofu and Katsuya at the beginning of the game but it will dissappear at the end of the game, being replaced by "Vow Revenge".

Right now, I only have the list of dead contacts for the last portion of the game. Also, I don't at which moments those contacts change.

Leading character using it on dead character : name of the contact.

From Sumaru Castle (maybe a bit sooner) to the end of the game :

Maya on Ulala	: Vow Revenge
Maya on Katsuya	: Grieving the Dead
Maya on Baofu	: Grieving the Dead
Maya on Tatsuya	: Vow Revenge
Ulala on Maya	: Vow Revenge
Ulala on Katsuya	: Grieving the Dead

Fool questions  
\*\*\*\*\*

Quick reminder : at the end of a prolonged contact session, a demon may ask you a very rare question which may net you a Fool tarot card.

I will list by tones the question which may net you a Fool tarot card if answered correctly.

I will also list the answers and what they net you.

I highly suggest to pick the answers that gives Fool cards.

I only have one for now but I will update as soon as I get more.

Gal tone :

But you know what ...

I've heard that humans are really stupid...

They really are stupid, right?

\*\*\*\*\*

Aren't you ashamed of yourselves?

-Sometimes...

-What's wrong with being stupid?

-No more stupid than demons.

\*\*\*\*\*

Reaction to "What's wrong with being stupid?" :

Like, what's with the attitude?

I think you're dumber than me!

Well then I guess this is perfect for you!

Here! the Trt/Fool card!

Keep on getting stupider!

\*\*\*\*\*

Persona talk

\*\*\*\*\*

Sometimes, at the beginning of battle, something like

"The echoes of soul began to stir"

Congratulation, you got a persona talk.

Some personas are matching with specific demons. In that case, at the beginning of the battle, there is a (very) slight chance that a conversation will begin between the persona and the demon. If the persona and the demon doesn't like each others, the demon and the character equipped with that persona will get infuriated until the end of battle. Otherwise, you will get stuff like items, cards or contracts.

Anyway, I will list all the persona talks's dialogues that I got. I will also list any variation if they are any. Finally, I will list possible match that might be worth investigating.

I will also put a "P." to indicate that I'm talking of a Persona.

Like with Pixie and P. Pixie.

Ok, here they are :

P. Pixie and Pixie

Pixie : Hey!

Is that Pixie's "Persona"?

Pixie is jealous.

P. Pixie : That's right.

Pixie became a "Persona".

Pixie : How do you become one?

Pixie wants to be one, too.

P. Pixie : Pixie doesn't understand either.

But if you give a "card" to these folks

They may make you into a "Persona" \_

Pixie : Then, please take Pixie's "Card"!

Pixie : Here's Trt/Lovers\_  
There are 4 of them.  
Now make Pixie into a "Persona".

P. Cerberus and Orthros :

P. Cerberus : Thou art my younger brother, Orthros!  
It has been some time\_  
How is thy work?

Orthros : Ahwooo !\_  
Me no see old brother for long time!  
Every day tough, take care of cows!

P. Cerberus : Take care of thyself\_  
By the way, don't you have any cards?  
Please give these to this mortal\_

Orthros : Ahwooo!  
Got it, Me give card.

P. Cerberus : Apologies for the trouble\_

Orthros : Ughhh\_  
Me brother, no worry.

Orthros : Human, this Trt/Fortune\_  
Here's 55, take care of them.

P. Barbatos and Barbatos

P. Barbatos : Well, if it isn't Barbatos\_ I'm also  
Barbatos\_ By the way, what happened  
to your horned servants?

Barbatos : Wh, who cares about that!  
Anyway, you don't seem to be with  
any servants. What happened?

P. Barbatos : Look closely! There's a human servant  
right there! Oh yeah, would you mind  
giving this guy a card?

Barbatos : Huh! I'll give you all you want!  
\_? But it looks like I don't  
have that much with me now.

Barbatos : 55 Trt/Hanged Man!  
Use them wisely!

P. Barbatos : Geez, what a drag!  
Well okay, we'll go hunt next time.  
Don't forget and be ready!

P. Quetzacoalt and Tezcatlipoca

P. Quetzacoalt : The evil soldier Tezcatlipoca who tricked me  
and stole the throne! My hatred has not yet  
be quelled!

Tezcatlipoca : How ridiculous\_ Have you forgotten  
that you banished me, your own brother,  
from the heavens?

P. Quetzacoalt : .....!!  
Still, I cannot forgive you!  
Prepare to fight!!

(then both gets mad)

P. Faeridone and Ahzi Dahaka

P. Faeridone : You are the root of all sin, pain and  
trouble, Dahaka\_  
I did not expect to see you here\_

Ahzi Dahaka : He heh heh\_  
Long time no see, Faeridone\_  
What's wrong? You look pale.  
You look as though you've seen a ghost\_  
Did you think you had REALLY killed me?

P. Faeridone : I shall finish you!

Ahzi Dahaka : It's not fun without a fight \_  
For that, I have been waiting for years,  
living in disgrace \_

(then both gets mad)

P. Hastur and Biyarky

The horrifying creature spoke to Biyarky in a cosmic voice from your soul...  
It stated, "Hear me"...

Biyarky: Nuuuuoooooooooooooooooooo!

The horrifying creature that lives in your soul spoke again to Biyarky  
in a cosmic voice... "Hand it to me" ...

Biyarky: Kyiiiiiiiiiiiiiiiiiiiiiiiiiiii!

Biyarky: Ttthheeee Item/Golden Honey!!

That's it for now.

Now, let's list the missing persona talks.

First, the ones that are listed in Archaeopteryx's Faq. Look at here for more  
details.

P. Odin and Valkyrie  
P. Odin and Fenrir  
P. Jack Frost and Jack Frost  
P. Jack Frost and Jack O' Lantern  
P. Jack O' Lantern and Jack Frost  
P. Jack O' Lantern and Jack O' Lantern  
P. Siva and Vasuki  
P. Mars and Ares  
P. Loki and Hel  
P. Hastur and Biyarky  
P. Fariedone and Azi Dahaka  
P. Armati and Aeshma  
P. Shax and Azazel  
P. Barbatos and Azazel  
P. Adramelech and Azazel

Now, I will list personas and demons that COULD have a persona talk.  
COULD as in "it might not work!"  
So, if you have some free time, you can always try your luck.

First, the personas with an exact demon counterpart :

Tengu, Agrippa, Robin Goodfellow, Alice, Minotaur, Takshaka, Nekomata, Fenrir, Shax, Kabanda, Adramelech, Azazel, Hel, Ankou, Harpie, Fearal, Stuparideth, Phoenix, Poltergeist, Aeshma, Seker, Kimnara, Gandharva, Heinir, Valkyrie, Pariker, Succubus, Demeter, Hunab Ku, Mucalinda, Uroboros.

I might have forgotten a few but it should give you a good start.

Now, the personas and demons that are alike, like Cerbeus and Orthros or Jack Frost and Jack'o Lantern.

Among the one that I suspect, there are :

P. Otohime and Kiyohime, P. Nemesis and Erinys, P. Alice and Dark Alice, P. Bacchus and Satyr.

Also (this one a very long shot!) Helios and Nekomata : they're both catlike!

Also, Persona and demons sharing the same mythologies.

For the Norse mythology it's basicly anyone between the personas :

Fearal, Heimdall, Surt, Loki, Fenrir, Odin, Valkyrie, Grinbulsti, Hel, Sif, Njord

and the demons :

Ratatosk, Fearal, Hel, Fenrir... That's it?

Anyway, some matches might be better than others

For Egyptian mythology try the personas :

Seker, Isis, Hathor, Seth

and the demons

Apep, Seker.

For the Greek (and roman) mythologies, try the personas :

Nemesis, Gaia, Minotaur, Ares, Cerberus, Helios, Mars, Hyperion, Pallas Athena, Odysseus, Prometheus, Harpie, Stuparideth, Callisto, Iris, Astria, Maia, Maia Custom, Artemis, Apollo, Phaleg, Nike, Demeter, Bacchus, Charon

and the demons :

Harpy, Empusas, Erinys, Minotaur, Satyr, Demeter, Stuparideth, Orthros, Talos.

Just don't expect all matches to work!

For Cthulhu mythology, try the persona :

Nodens and Hastur

and the demons :

Shoggoth, Waitry, Crowley, Shub-Niggurath

For Mayan mythology, try the personas :

Hunab Ku, Kinich Ahau, Quetzalcoatl

and the demons :

Hunab Ku,...? I know there are more.

For Indian mythology, try the personas :

Parvati, Indra, Vritra, Maha Kala, Kali, Brahma, Siva, Vishnu, Varuna, Bishamonten, Yama

and the demons :

Takshaka, Girimekara, Kabanda

For Zoroastrian mythology, try the personas :

Pariker, Aeshma, Mithra and Armati

and the demons :

Pariker and Aeshma

And now, another "long shot" possibilities.

First, Persona Beelzebub/Satan and demon Poltergeist.

Also, the angel personas like Gabriel and Michael

and the demon : Angel, Archangel, Power, Virtue, Principality, ...

Something that I seen on the net (and seems a bit fishy) :

Persona Junnosuke Kuroda/Maihime Amano/Suou Tatsunoshin and demon Alice

You might need to equip a Carma Ring. Anyway, don't hold your breath for this one. I'll try to get more info.

Update : Ok, look like I readed the stuff wrongly. Forget about this one.

Anyway. There are many Persona talks yet to be found Please send me any info that you find. Also, if I did screw up somewhere, please send me an e-mail too! And don't forget, Persona talks are very rare. You will have to do lot of

battle before they happens. Good luck!

Update : looking at a Japanese website, I got a list of Persona talks.

Here is the link :

<http://fool-est.hp.infoseek.co.jp/persona/batu/talk/index.html>

I don't know if they are all of the Persona talks in the game but at least those ones should work.

Future edition

\*\*\*\*\*

I WILL replay that game! ^-^ Still, it will take some time. The guide need update, mainly for Ellen contacts, the "dead" contacts and the Blue Dragon reverse personality contact reactions.

I will also have to play the Ex Dundee for finishing this guide.

Also, it would be nice to list the different questions that the demons ask and the different reactions to their questions. Actually, it would be nice to have the text from contacts, from the characters and demons. But maybe it's too much right now. Oh and I really, REALLY want the different FOOL questions text.

I also want the text of the persona talks and what happen from them, what you can get from them. If you want to see one, try equipping the "Jack Frost"

persona and battle a couple of Jack Frosts and Jack'o'Lantern. Just remember that they are rare.

I want more persona talk! : ) If anyone here can visit Japanese webpages, please look for a list of all the persona talks. Make sure that you're getting the list from Persona 2 Eternal Punishment and not Persona 2 Innocent Sin. If you get P. Hades and Demeter in your Persona talk list, it's the wrong one!

I will also make eventually a section on the beauty spa and how it affect contacts.

I will have to do more research on Biyarky too.

\*\*\*\*\*  
How to help me  
\*\*\*\*\*

Easy, take notes while using the different contacts. Just be careful with one thing : the reaction ending a contact might be a combination (like fear + interest), you won't be able to see it most of the time since the reactions weren't build up properly. So you'll have to repeat your last contact one more time in the next battle just to be sure. Oh and pay attention to wether the demon is male or female..

The female demons are : Pixie, Nightmare, Ratatosk, Harpy, Empusas, Erinys, Mou Shobo, Ixtab, Nekomata, Angel, Kiyohime, Pariker, Hel, Demeter, Lilim, Aeshma, Succubus, Pucel, Phoenix, Mucalinda, Jahi, Adramelech, Tzitzimitl, Valkyrie and Alice.

Also, I want the reactions from the "Blue Dragon" effect, well, the ones that are left! Add to that the reactions from Ellen contacts.

Anyway, just take a look in the "future edition" to see what I want. : )

Oh and I want as much info as possible on Biyarky!

Also, if you see any mistakes, e-mail me. I hope there will not be anyone but... Same thing if you see any typos. Also, suggestions for making this guide better are welcome.

\*\*\*\*\*  
How to contact me  
\*\*\*\*\*

If you have any information to send for updating or correcting this guide or any question to ask, send it to :

cadieux\_philippe@hotmail.com

Please use a polite and understable langage please.  
Also please only send e-mail related to this guide and use a title for your e-mail explaining it's nature (like "Fool question" contribution or something like that).  
Inadequate e-mail will probably be left unanswered and deleted.

\*\*\*\*\*  
"Thanks list"  
\*\*\*\*\*

-I thank CJayC for reading my guide and posting it to gamefaqs.  
I also thank him for buying the game and making every possible contacts with  
the demons to make sure that... What do you mean, "he doesn't do that!" ?  
Don't forget to click the banners on the site at least once in a while. ^-^

-I also thank Archaeopteryx for his excellent faq. I used it as a reference to  
start my guide. I still had to test stuff for days and days and weeks and  
write it down though...

@-@

-I thank Mesia for his info on Biyarky. I never realised that you could contact  
this one until too late for using the Estoma trick! >-<

I will post your name here if you contribute  
so please don't be afraid to do so.  
By the way, words like "his" or "him" apply to both man and woman.  
You can't tell the gender of a person that easily on the web so...

Also note that the most updated version will be in [www.gamefaqs.com](http://www.gamefaqs.com)  
( In case I get lazy or forgetful while updating... ^-^; )  
You should also find a copy at [www.neoseeker.com](http://www.neoseeker.com) and [www.digitaldevildb.com](http://www.digitaldevildb.com)...  
if I wasn't too lazy! ^-^;  
But you know, the more websites there are and the more time it takes to update.  
Many not much but it adds on.

Anyway, you can't sell this guide for your own personal gain.  
E-mail me first! ; )  
Seriously, I took some of my time to make that guide and gave it for free.  
The least you could do is send the information for free  
and not claiming that you did find it yourself when it isn't true.

Beside, as far as I know, that information isn't anywhere in the web in  
english. Because the guide isn't complete, you'll get spotted quite fast.  
Now that I think about it, maybe it isn't even there in Japanese!  
Of course, I could be wrong. ^-^  
If you don't want to get spotted, you'll have to work hard by completing this  
guide and wholly reformat it! And let me tell you that it's days and days and  
weeks of hard serious work! > : D

end of the guide

Jack Frost rules! So does Suzaku! ^-^  
And Harpy is "cooler than sliced bread!"  
Well, "This is it!!!" (Tatsuya)

Have a nice day! ^-^
