Translated Lyrics

With the irritation of not being able to find the answer
When have I started wasting fruitless effort?
Who's going to someone else's place, there's no need to assault
Your doubt that is somehow drawing near

Like a dream, I prayed many times
Repeated the words you've whispered to me when I was down sadly
My weak heart was heavily beaten by the violent rain
I wanted it wash away all my sin

In this city that's overflowing with anticipation and anxiety,
I was searching for the road
And you were sitting besides me, helping me looked at the map,
remember?
Our love was like how you would feel the gentle times as we walked
along

Like a dream, I close my eyes and think about that day
Two people laughing as the wind embraced them
And when the morning sun begins shining
I want to see your gentle, sleeping figure in my arms.

Like a dream, shine eternally in my heart
I'm still the same as the days I've spent with you
Let's walk towards tomorrow that'll someday smile
Believing that something will be born, even if we lose everything else.
Because our encounter must have been a miracle from the distant days.
