OTHER CHEATS

1. Complete every characters moves in practice mode to unlock the practice arena for versus mode.
2. ALL CHARACTERS-At the main menu press right four times, left four times, then square, circle, square, circle. You'll hear someone say oowayay!

TIPS

1. To pull off a good combo, get your opponent against a wall. Hit them into the air then just keep them in the air by hitting them up.
2. Finish practice mode with a character before you use that character, so you know their moves.
3. Try to learn characters good moves off by heart so you can always use them.
4. If you're using Rza, and you're surrounded by about three enemies, use the Wu-Tang swords move to slam them against the opposite wall. This will give time to go and hit them.

SPECIAL THANKS
