Career path

Chyna first appeared in the WWF in early 1997 accompanying Hunter Hurst Helmsly to the ring, during 1997 Chyna helped Hunter Hurst Helmsley in his battle with Goldust and helped him win the King of the Ring in 97. Then in October 97 Triple H Teamed up with Shawn Michaels to form D-Generation X and for the last three months of 97 Triple H Shawn Michaels and Chyna ran all over the WWF

In early 1998 Chyna Triple H and Michaels had the European title and the WWF title in D-Generation X but their WWF title was under threat from Stone Cold Steve Austin who by winning the Royal Rumble had earned a match against Shawn Michaels at Wrestlemania 14. On the road to Wrestlemania 14 DX had Austin痴

number but at Wrestlemania Austin beat Michaels for the WWF title Chyna did manage to save the European title for Triple H by low blowing Owen Hart when the Referee痴 back was turned.

After Wrestlemania 14 Shawn Michaels left DX so it was just Triple H and Chyna but the following night after Wrestlemania 14 DX recruited the tag team champions the new age outlaws and X-Pac.

For a month the new DX ran all over the WWF once again but at Unforgiven in you池e house it looked like there luck was about to run out the New Age Outlaws retained the tag title due to some dubious officiating but in the European title rematch between Triple H and Owen Hart Chyna was put into a cage and lifted several feet into the air but unbelievably she managed to bend the bars and with the rest of DX痴 help Triple H retained the Title once again.

Then DX ran into the nation of Domination led by the rock the nation and DX feuded for several months concluding in a ladder match at Summerslam 1998 where Chyna low blowed The Rock costing the Rock the Intercontinental title so for several months DX went through the WWF feuding with superstars left and right.

Then in early 99 chyna started to become an in ring competitor she qualified for the Royal rumble by winning a Corporate rumble on Raw which gave her the number 30 spot she went into the Rumble in full force and managed to eliminate several people including the 400lbs Mark Henry before she was knocked over the top rope by Stone Cold Steve Austin the following night after the Rumble Triple H was in a WWF championship match against the Rock and it was an I quit match just as Triple H was about to make the Rock say I Quit the corporation came down to ring side and Kane grabbed Chyna by the throat and the Corporation said that if Triple H did not say I quit Chyna would be chokeslamed so Triple H said I quit and Kane let Chyna go Triple H went into the ring to check on Chyna and then he turned around and started shouting at Kane and the Corporation and Chyna gave Triple H a low blow from behind.

So Chyna joined the corporation and feuded with Triple H and DX for a month and at St valentines day massacre she was in a tag match with Kane against Triple H and X-Pac Which thanks to Shane McMahon getting involved Chyna and Kane won so Kane feuded with Triple H for a month and then at wrestlemania 15 Triple H and Kane faced off in a one on one match towards the end of the match Chyna came down and hit Kane in the back with a chair causing Triple H to be disqualified so Chyna was back with DX but later that night she came down with Triple H during the European championship match between X-Pac and Shane McMahon and Chyna distracted the referee while Triple H Pedigreed X-Pac Allowing Shane to pick up the win.
