1.0 Introduction -----
=====

Jeff Hardy is one of my favorite wrestlers to use in the game WWF Smackdown, mainly because I prefer the wrestlers that have speed and agility. And Jeff Hardy has the speed and agility I like. He even has a cool finishing move called the Senton Bomb (or the Swanton Bomb if you prefer). Adding to the mystique is that he is on my fave WWF tag team. So, I used him a lot. Hope you find this FAQ useful, please send any questions to the address listed above. Thanks and enjoy the guide!

2.2 Biography -----
=====

(bio from Prima Games)

When Michael Jordan dominated the basketball court, one sight became very familiar in arenas throughout the country. Every time "his Airness" got the ball in his hands, tens of thousands of fans got their cameras ready. There was a very good chance that they were about to witness history. You never knew what to expect from number 23, and you always had to be ready to capture the moment forever.

The thinking also applies to Jeff Hardy when he is in competetion. Will it be a "Senton Bomb" from the top rope or some other indescribable flying manuver? It doesn't matter which he chooses, you'd better have that camera in front of your face and your finger on the button.

Some days it seems that Jeff is more of an "aerial artist" than he is a "grappler". Attempting - and pulling off - moves that 99% of the athletes in the business don't even dream about, the younger Hardy is always ready to leave a crowd with their jaws on the floor.

Of all he is able to pull off in and around the squared circle, the scariest thing about Jeff Hardy is how far he might be able to go in his career as a World Wrestling Federation Superstar. Barely old enough to legally consume alcohol, Jeff has already worn Federation gold and competed in one of the best matches in WWF History.

=====
2.3 My Two Cents -----
=====

No Mercy, October 1999. Hardy Boyz vs Edge and Christian. Ladder match for the #1 contendership to the World Wrestling Federation Tag Team Championships. And let me tell you, that one was one heck of a match. Anyways, Jeff Hardy has always been one of my favorite tag team wrestling specialists. So I used him a lot in Smackdown. After putting the WWF title as well as the tag team titles on him, I noticed that he played a lot in Smackdown as he was in real life. Therefore, I recommend using him, if not for the deadly senton (or swanton) bomb.
