Moveset: I think his finisher was a piledriver. Actually I don't ever think he won by pin.

He use to throw his oponents outside the ring and win by count out all the time.

He was a total wack job. Hence Berzerker.

Create TWO copies of these guys...

Name one Conquistador Uno and give him Edge's moveset, with Speedy

ability (and whatever else you want).

Name the other Conquistador Dos and give him Christian's moveset, with Speedy ability (and whatever else you want)

For BOTH, use whatever signs you want, and whatever movie (I gave them Essa Rios', but to rip the piss you can use the E&C tag movie)

I gave both guys the piped chair, and for characteristics BOTH:

Edge +, Christian +, Tag +, New face, Rowdy

Now create a taunt using Salutes No.1 for both Base 1 and Base 2.

Once you've done that for both guys, hop into the Create a Stable and create the LOS CONQUISTADORES stable, with Uno and Dos as the sole members, using any movie (I used Essa Rios') and any entrance move (again, I used the E&C one).

XI) THANKS, ETC...

=====

As I get/see More, I will add them to the list.

Many Thanks to Richard Bownes for getting me the "Must Have Moves" for most of the CAWS & the Unknown's Movelist, and to Seven on gamefaqs.com for putting together the Ability Point Guide for CAWS.

Many Thanks To:

Richard Bownes for the "Must Have Moves" or entire movelist for most of the CAWS,
and the Unknown's Movelist.

Seven from gamefaqs.com for the Ability Point Guide

Mr_Strange on wrestlingtalks.com for the Finger Taunt List

Thanks to anyone who has helped or contributed to this FAQ in anyway, if you made a caw, credit was given, and very appreciated.

Due to an unexpected happening in my life, this is very well the last update of the FAQ.

At this point it is probably 80% thorough & 95% accurate for all the CAWS in pro wrestling you could possibly want to make. I have enjoyed updating this and seeing everyone's characters, but unfortunately all good things must come to an end. I'll be back next year for SD3 though ;)

P.S. A big thank you to everyone who has e-mailed me letting me know how much this FAQ has helped them out.
