TRAINING

-----[Rola]-----  
Hello, I am Rola,  
and I will be your  
training instructor.

Before you compete  
in the Battle Game,  
you must train.

If you follow my  
instructions, you will  
clear each level.

LEVEL 1: TARGETING

-----[Rola]-----  
Your first lesson  
covers the use of  
TURBO Shots. To use  
TURBO Shots, press

and hold the FIRE

\_\_ V Button

[]=====/  
\\ /--\*

Aim well and shoot

Didn't follow directions

-----[Nothing happens]-----

down three  
enemies to  
advance

to the next round.  
Let the training begin!

LEVEL 2: DEFENSE  
-----[Rola]-----  
This lesson teaches  
you and ST Battle  
basic -  
DEFENSE!

Didn't follow directions  
-----[Rola]-----  
Use TURBO Shots to  
defend against enemy  
atacks.

The main method  
\_\_ V of defending  
[]=====/  
energy  
\ \ /--\* fire

is the use of TURBO  
\_\_ V Shots.  
[]=====/  
energy  
\ \ /--\*

In a real Battle Game  
you will be damaged  
by the enemy's attack.

Too much damage will  
ruin your ST, so  
remember to protect  
yourself.

Shoot down six  
consecutive enemy  
shots to advance to  
the next lesson.

Use TURBO Shots to  
defend against the  
enemy's attacks.

LEVEL 3: OFFENSE  
-----[Rola]-----  
This lesson will teach  
you how to attack  
enemies using Energy  
Bolts.

Didn't follow directions  
-----[Rola]-----  
You must wait until  
the indicator bar  
starts blinking  
before pressing FIRE

If the FIRE Button isn't  
\_\_ V pressed, the  
[]=====/  
energy  
\ \ /--\* charges.

to release an Energy  
Bolt.

Watch the meter at the  
\_\_ V bottom of the  
[]=====/  
screen.

\\ /--\*

When it fills with energy  
\_\_ V the indicator  
[]===== / bar will  
\\ /--\* blink.

Then, press the FIRE  
\_\_ V Button to loose  
[]===== / an Energy  
\\ /--\* Bolt.

In a real Battle game  
you cannot defeat your  
enemies without the  
use of Energy Bolts.

Aim well and wait  
until the indicator  
bar begins to blink  
before firing.

To advance to the next  
training round, shoot  
down three enemies.

LEVEL 4: INTERCEPT  
-----[Rola]-----  
Now, you will learn  
the defensive use of  
the Energy Bolt.

Didn't follow directions  
-----[Rola]-----  
Wait until the indicator  
bar blinks to fire an  
Energy Bolt to defend  
yourself.

When your opponent  
charges his energy  
and fires at you with  
a blinking bullet,

you must use an  
Energy Bolt to shoot  
it down. To shoot  
down the enemy's

Energy Bolt, you  
cannot use Turbo  
Shots. You must use  
an Energy Bolt and

you cannot miss. To  
advance to the next  
training round,  
intercept the enemy's

Energy Bolts four  
times consecutively.

LEVEL 5: ASSAULT  
-----[Rola]-----  
This lesson will teach  
you to attack your

Didn't follow directions  
-----[Rola]-----  
You must wait until  
all three indicator

bars light before  
you shoot.

When you release the  
FIRE Button and charge  
energy, the indicator  
bar under the energy

meter will light.

\_\_\_ V The longer  
[]=====/  
\\ /--\* charge,

the greater the  
\_\_\_ V attack power  
[]=====/  
\\ /--\* will be.

However, the maximum  
\_\_\_ V power possible  
[]=====/  
\\ /--\*

is that of the  
\_\_\_ V Treble  
[]=====/  
\\ /--\* Energy  
Bolt.

When all the indicator  
bars are lit, press the  
FIRE Button.

This will release a  
Treble Energy Bolt.  
If a Treble Energy Bolt  
hits your opponent,

his weak spot will  
flash. Shoot at this  
weak point with an  
Energy Bolt.

If you shoot down three  
enemies, you will  
advance to the next  
level.

LEVEL 6: THE BOMB  
-----[Rola]-----  
This lesson teaches  
you how to use the  
Bomb.

Didn't follow directions  
-----[Rola]-----  
Aim well, shoot a Bomb  
again.

Press the CURSOR  
\_\_\_ V Button to  
[]=====/  
\\ /--\* select

your optional weapon.  
\_\_\_ V When the

[ ]===== / [B] icon  
 \ \ /--\* light,

press the FIRE Button  
 \_ V to release the  
[ ]===== / Bomb.  
 \ \ /--\*

When this powerful  
device explodes, all  
of the enemy's bullets  
will be destroyed.

Be prudent using the  
Bomb, as it can  
only be used once.

Aim well and, if you  
destroy the enemy  
with your bomb,  
you will advance.

COMBAT  
-----[Rola]-----  
Congratulations!  
You have reached your  
final lesson.

If you lose  
-----[Rola]-----  
Defend yourself using  
TURBO Shots and  
Energy Bolts.

If you win  
-----[Rola]-----  
Congratulations!  
You are now trained  
as an ST gunner.

This time, you must  
battle an ST, and I  
will be its pilot!

Use a Treble Energy  
Bolt to find your  
enemy's weak points,

Many opponents, each  
using a different  
offense, will be  
found along your way.

Just like in the Battle  
Game, the Energy levels  
of your ST and your  
opponent will be

then concentrate your  
attack upon them.  
Now try to win this  
time. Let's battle!

Do not be afraid.  
You know the tech-  
niques necessary to  
win. You can defeat

takes damage, the  
level of the Energy

any of them by aiming  
correctly, shooting at  
their weak point and  
most of all,

The ST that runs out  
of energy first loses.  
Defend with Energy  
Bolts and TURBO Shots.

defending yourself.  
Do not forget what  
you have learned in  
this training program.

Use Energy Bolts and  
Treble Energy Bolts to  
attack.

Now go to the Battle  
Game ...  
and win!

Defeating my ST will  
conclude your training.

Let us start the  
Battle Game now!

-----  
-----  
Versus GARAM-Mk2

If you lose

If you win

-----[Guido]-----  
Oh ho! Who is this who dares fight the Battle Game with the greatest battler in the world?

-----[Mike]-----  
Guido! Once again, the first of our foes.

Remember, charger the laser's energy for Energy Bolts. Only use TURBO Shots to defend.

-----[Guido]-----  
Oh ho, the youngsters have returned. Go, I'm busy and cannot be bothered to baby-sit.

Stick around and I will beat you quickly, because it's time for me to go have lunch.

-----[Mike]-----  
What are you thinking? Have you forgotten defense?

You must charge the laser in order to use Energy Bolts.

Calm down and take careful aim. If you use Energy Bolts you will defeat him.

-----[Guido]-----  
Shoot!! I will not admit that I lost. What a bad run of luck that I've had.

Why, I should've beaten you like a dirty rug. You were lucky again this time. Rats!!

-----  
-----

Versus SIAMANG  
-----[Chada]-----  
Oohh wheee!!  
You're the one who beat my brother Guido, the pilot of ST Garam?

Why ...  
your ST is nothing but a bucket of bolts.

I choose not to believe brother Buido was defeated by a pitiful pile of scrap like you.

-----[Mike]-----  
Partner, be careful- this guy is quick and very, very strange.

-----[Chada]-----  
Oohh wheee!!  
You make fun of me. You must not realize with whom you deal.

I will avenge my brother as I destroy you slowly, very slowly, and I will savor every moment.

If you lose  
-----[Mike]-----  
Our opponent moves very quickly. This makes aiming at him very difficult.

But, when he begins his attack, he stops moving. When he does, fire the Bomb!

The Bomb will give him a great amount of damage!

OK partner, let's go!!

If you win  
-----[Chada]-----  
Oohh wheee!!  
Please ...  
please spare my life.

In return, from this day forward I will take you as my brother.

Versus WONG

-----[Dayan]-----

I am Dayan, pilot of  
the ST Wong. I'd  
like to see the face

of my opponent, while  
you still have one.

-----[Mike]-----

Do you see us Dayan?  
We are your rivals.

Watch out partner, his  
round hands are very  
tricky.

He is also equipped  
with an anti-gravity  
engine and can float.

-----[Dayan]-----

My duty is to protect  
Mongolians. I do not  
like to fight, but must  
protect my homeland.

Now I must teach you  
how sad the Battle Game  
can really be.

If you lose

-----[Mike]-----

If you hit his body  
with an Energy Bolt,  
the head opens. That  
is the weak point.

Fire at the opened  
head with an Energy  
Bolt. This will bring  
us close to victory.

If you win

-----[Dayan]-----

I have ...  
failed. You can do  
what you wish with  
me and Mongolia.

-----[Mike]-----

You've misunderstood,  
we battle with Chiefs  
only so we may reach  
Thanatos.

-----[Dayan]-----

I see ...  
I'm sorry that this  
battle even took place.

You see, those who  
challenged me before  
only wished to invade  
Mongolia.

I hope you will have  
success in your quest  
to challenge Thanatos.

Versus GRIFFIN

-----[Orusoh]-----

You are the one who  
wants to battle with me?  
To me, you appear to  
be a spineless wimp.

-----[Mike]-----

What?!! I will show  
you what courage is.  
Let us battle!

-----[Orusoh]-----

Let's see this courage.  
From here we will fall  
towards the earth.

If the battle does not  
finish you, the friction  
heat of reentry will.  
Let us go!

If you lose

-----[Mike]-----

Have you noticed that  
we cannot seem to do  
any damage to his  
wings?

Instead, try attacking  
his legs!

If he's moving too fast  
for you to get a good  
aim, use a Bomb!

Try pulling out all of  
the stops. Use any  
item we have. Do this  
and we can win!

Now, let's go!

If you win

-----[Orusoh]-----

I can't believe I have  
lost to mere children,  
but you are finished  
anyway.

Now you will burn up  
and you will be gone  
from this world.

Hee hee hee!! Now  
feel the pain and...  
die!

Grrrrrrr ...

-----[Mike]-----

He seems to be  
correct. We have no  
way to stop our fall.  
Can this be the end?

-----[Rola]-----

Are you OK?

-----[Mike]-----

We're not injured, but  
we are trapped by  
Earth's gravity and  
cannot stop our fall.

You should leave now  
while you still can,  
otherwise you too will  
be burnt by reentry.

-----[Rola]-----

I came to help you,  
but there's no time to  
waste, if you wish to  
escape your situation!

-----[Mike]-----

How can you help us?  
Who ...  
Who are you?

-----[Rola]-----

I'll explain it all to  
you later! Right now,  
I'll tow your ST free  
of Earth's gravity.

I've also got something  
that I'm certain will  
help in the future,  
it's the V-System.

Remember, time is  
short, let's hurry!

-----  
-----  
Versus VISCOUNT

-----[Carlos]-----

Finally, the time has  
come. I have waited  
long and trained hard  
for this moment.

-----[Mike]-----

Partner, he looks to  
be well-protected!  
His shield can defend  
any attack we have.

And that bazooka he  
has looks extremely  
powerful!!

-----[Carlos]-----

You violate all I believe  
in. I cannot accept the

If you lose

-----[Mike]-----

How I despise that  
shield of his! I wish  
that we had one.

Try shooting it with  
a Treble Energy Bolt!

Destroy that bazooka!  
If you do so, he'll lose  
his main assault  
weapon!!

I'm counting on you  
partner!!

If you win

-----[Carlos]-----

How can this be ...

An old style ST has  
defeated ME ...

How can a team do what  
only one is meant to do?

It has been my dream  
to pulverize the ST  
whose pilot and gunner  
are not the same.

So to achieve my dream,  
I rejoined Anubis as  
leader of his guards.

I built an ST to replace  
Baron and I waited.

ST whose pilot and  
gunner are not one!

This time I will prove  
myself. I will revenge  
my previous loss ...

And this Falcon will  
join the junk heap that  
is all that remains of  
those I have defeated.

With the exception of  
its head ...  
It will be proudly  
displayed as my trophy!

I knew that the two of  
you would surely come.

The master has fled  
this place. Anubis has  
fled now to Mars, with  
the ST Thanatos.

Be careful!  
There is a reason for  
Anubis' rebirth.

Versus THANATOS  
-----[Mike]-----  
I cannot find Thanatos  
anywhere. Has the  
swine somehow escaped?

What was that?  
  
-----[Anubis]-----  
Heh, heh, heh!!  
I have been waiting  
for you, child.

-----[Mike]-----  
Finally Anubis, you  
have shown up. Now,  
we will defeat you  
and bring back peace.

Prepare yourself!

-----[Anubis]-----  
Heh, heh, heh!!  
It is you who must be  
ready, child.

So start your crying,  
for I will take my time  
as I destroy you.

If you lose  
-----[Mike]-----  
Thanatos' power is  
stronger than you  
expected!

To begin your attack,  
shoot fully charged  
Energy Bolts at the  
body!

If you do so, you will  
be able to defend  
against his powerful  
attack!

Be careful of a Rocket  
Punch or a Rocket Kick!  
Those attacks will do  
very severe damage!

Please be careful!

If you win  
-----[Anubis]-----  
I cannot believe I have  
lost. There must be  
some mistake.

-----[Mike]-----  
You deserve this ...  
You have made people  
miserable.

Now ...  
rest in peace.

Or, should I say ...  
pieces!

-----[Anubis]-----  
Curses!  
I cannot allow my end  
to come this way!

I will take you with  
me ...

to the deepest part  
of this nether world.

-----[Mike]-----  
What ...  
What's going on?

-----[Rola]-----  
Are you OK?

-----[Mike]-----  
You again ...  
Who are you?

-----[Rola]-----  
My name is Rola. I

came here to let you  
know the truth.

-----[Mike]-----

The truth?

-----[Rola]-----

Yes! You've defeated  
Thanatos and the Battle  
Game may be over, but  
the fighting is not.

Now you must battle to  
reach the real enemy of  
your people.

Go to Jupiter now,  
quickly.

-----[Mike]-----

Wait ...  
wait a second.

This is all so  
sudden. Tell me  
what it is I must do.

You have trained  
for this. When the  
time comes, you will  
know what to do.

You must trust your-  
self, for you are the  
only hope to save your  
world.

See you again,  
sometime...  
I hope! But for  
now, good-bye.

-----  
-----  
Versus ARACHNUS  
-----[Danpe]-----  
Ga ha ha haa!!

Did you see what I  
can do? My power  
will now reduce you  
to bits and pieces.

-----[Mike]-----  
This is our new  
enemy? Who, and  
what are you?

-----[Danpe]-----  
I am ST pilot Danpe.

If you lose  
-----[Mike]-----  
You must be very  
careful partner. DO  
NOT destroy his  
stomach!

If you destroy his  
stomach, he will begin  
his lethal attack.

By not even shooting at  
his stomach, we have a  
chance for victory!

I'm counting on you,

If you win  
-----[Danpe]-----  
Rats!!  
I cannot believe I'm  
such a loser.

-----[Mike]-----  
OK! Let's hear your  
story. Who and what  
are you?

-----[Danpe]-----  
Ohh, my aching head.  
We are a race alien  
to you. We began an  
invasion of your Earth

If you want to know  
more, you must first  
defeat me in battle.

However, I doubt  
that I will have to  
tell you.  
Ga ha ha haa!!

so let's do it this time!

setting up Anubis and  
his ST Thanatos as our  
puppet. I know nothing  
more than this.

I'm telling you the  
truth ...  
Please believe cme!

-----  
-----[Zephyr]-----  
Unbelievable!  
Are you truly from  
Earth?

I was always led to  
believe that its natives  
were a more intelligent  
life form.

Your kind just doesn't  
deserve the beautiful  
planet you call home!

-----[Mike]-----  
This ST is extremely  
big. Look closely, his  
right hand is a hand  
gun!

If that thing hits us,  
we'll be done for.

-----[Zephyr]-----  
Incredible!  
I just can't believe  
that such a tiny ST  
can carry two people.

Why, its design is just  
absurd. Now you will  
experience what real  
ST design can do!

Maybe ...  
I think I'll just simply  
crush the teeny, tiny  
ST! Hah, hah!!

If you lose  
-----[Mike]-----  
This one is extremely  
strong! We can't seem  
to damage him even  
with our best shot!

So look closely at  
him! His lower body  
is quite narrow. Try  
shooting there!

Another thing just  
came to mind. If you  
destroy his hand gun,  
we'll have him for sure!!

Let's beat him this  
time!

If you win  
-----[Zephyr]-----  
Wahh! How cruel can  
you be? How could low  
brows like you make  
me so miserable?

Know what I'm gonna  
do? I'm going to tell  
Momma about you!

My wife doesn't take  
kindly to bullies. She  
will take care of the  
likes of you.

This is it, your lives  
will be derminated,  
soon!

-----  
-----[Zephyr]-----  
Momma! HEre they are.  
They're the ones who  
did this to me. They  
made me look like this.

If you lose  
-----[Mike]-----  
Partner, be careful!  
That armor is invincible,  
and will reflect your  
Energy Bolts!

If you win  
-----[Pamela]-----  
Uunh!!  
I can't believe it.  
I've lost to earthlings!

-----[Pamela]-----  
Oh my little boy!  
I WILL NOT forgive  
them for making Poppa  
look like they have.

-----[Mike]-----  
Oh no, I thought we'd  
seen some big STs  
before, but this one  
is gargantuan.

Be careful, partner!!  
Behind that armor there  
may be something  
hidden!

-----[Pamela]-----  
How rude these children  
are! They've ignored  
my beauty!! Now you  
shall see.

Now Momma's gonna  
teach you a lesson,  
your final one.

-----[Zephyr]-----  
Good luck, Momma!

-----

Versus VIRVIUS (1)  
-----[Anubis]-----  
My name is Anubis.  
I control this fortress,  
Eltoria ...

YOU are the aliens who  
defy me?

-----[Mike]-----  
What is this!?  
What's going on?  
This ST looks the same  
as Thanatos.

-----[Anubis]-----  
Thanatos?  
I made him and his pilot.  
He was created from a  
part of me.

Make no mistake though,  
they were not my equal.  
Together, they were  
my royal servant.

-----[Mike]-----

Use TURBO Shots to  
defend her attacks. If  
she returns your fire,  
be calm and intercept it!

Analyze her reactions  
carefully! Somewhere  
there must be a point  
that flashes!

Shoot that point with  
an Energy Bolt!! OK  
partner ...  
Let's go!!

If you lose  
-----[Mike]-----  
Partner, be careful!  
When he splits, only  
one of the images is  
his real body!

Before he begins his  
attack, you must shoot  
an Energy Bolt at his  
real body!!

When he splits, use  
TURBO Shots to find  
the real body!

You cannot damage the  
false images, but you  
can damage the real  
one!

C'mon partner, I'm  
counting on you!

Just you wathc out  
though. Soon our  
fortress, Eltoria, will  
drop out of warp.

You and your pretty  
little Earth have no  
future. Soon comes  
the end!

Ha, ha, ha.

If you win  
-----[Anubis]-----  
Now you've done it.  
You have made ME  
angry.

I didn't think that I  
would appear like this  
for a long time.

However, you should  
see me well, so that  
my memory will burn  
with you after death!

Ha, ha, ha, ha!!  
What do you think of  
this great body?

It's too late now for  
regrets. Now the two  
of you will be eliminated  
by my own doing.

Then, what we fought  
before was a clone!?

-----[Anubis]-----  
Hmm, you seem to have  
some intelligence.  
You're very close ...

However, you show a  
lack of intelligence to  
defy me.

You'll soon be very  
sorry for having defied  
me!!

Rola appears, high health  
-----[Mike]-----  
What a scoundrel!  
I really wish he wouldn't  
do that.

-----[Anubis]-----  
!!!!!!!!!!  
What!?

-----[Mike]-----  
Rola!  
How come you're here?!

-----[Rola]-----  
I've been following your  
battles, just in case  
you needed any help.  
But, you are doing great.

However, this can't  
hurt, just look at your  
energy gauge!!

-----[Mike]-----  
Thank you!  
Every little bit helps!!

-----[Rola]-----  
Now, the two of you are  
the only ones who can  
save your Earth!

Please ...  
you must eliminate  
the threat of Virvius

-----[Anubis]-----  
Look who has the nerve.  
Rola, did you think I  
couldn't hear that?

Rola appears, low health  
-----[Mike]-----  
Curses, what is going  
on!? We can't fight  
after losing this much  
energy.

-----[Anubis]-----  
!!!!!!!!!!  
What was that?

-----[Mike]-----  
Rola!  
Why are you here!

-----[Rola]-----  
I'll tell you later!  
Look at your energy  
gauge now!

-----[Mike]-----  
.....!!  
Thank you.  
You've saved our lives.  
We'll be OK now!!

-----[Rola]-----  
If you want to talk  
about saving, you two  
are the only ones who  
can save the Earth!

Please, you must  
destroy Virvius!

-----[Anubis]-----  
Rola!!!  
Why you little ...  
You have betrayed me!  
You have betrayed us!!

Rola ...

First I will dispatch  
your little ...  
friends.

You have sealed your  
own fate, but first I'll  
dispose of these two ...

As for you Rola,  
you traitorous little ...  
I shall deal with you  
later!

Then I will decide  
what to do with you.

-----[Mike]-----  
OK partner!  
We must not be afraid  
to use any means to  
destroy him Let's go!!

-----[Mike]-----  
En garde Anubis!  
We cannot let you do  
whatever you want!!  
Partner, let's go!

-----  
-----  
Versus VIRVIUS (2)

If you lose  
-----[Mike]-----  
Partner!  
You can only damage  
him in an open mouth!

If you win  
-----[Anubis]-----  
I have lost ...  
To alien creatures ...

When the mouth fires,  
intercept his shot  
with an Energy Bolt  
and he'll take damage!

I CANNOT believe this.  
It should NOT have  
happened.  
Aaaahhhhhh!!!!!!!

Watch the way he  
wiggles the tusks at  
the corners of his  
central mouth.

Try firing at the tusks  
with Energy Bolts and  
see what happens.

I'm counting on you  
partner!!

(Rola appears)

-----[Rola]-----  
Thank you Mike and  
partner. You have  
prevented a serious  
mistake from happening.

We lost our home planet  
through the foolishness  
of those in charge,

and have wandered ever  
since, looking for a new  
planet.

-----[Mike]-----  
Then, you found the  
Earth ...

-----[Rola]-----

Yes ...

Anubis didn't care  
about the natives of  
Earth, only himself.

So, he sent a clone to  
seize control and  
prepare for invasion.

But it is all OK now!  
Anubis has been  
destroyed. But now,

I should say, Good b ...

(vines creep up from underneath Rola and grab her)

Aaaaaayyyyyyyyyy!!!!!!

-----[Mike]-----

What!!

What is happening??

-----[Typhon]-----

Haa, ha, ha ...

It's not over yet,  
puny Earthlings!!

-----[Mike]-----

Who ...

Are you!?

-----[Typhon]-----

My name is Typhon.  
I am the true ruler of  
Eltoria.

Anubis was just a pawn  
taht I used while I  
rested in cryogenic  
sleep.

His assignment was to  
control Eltoria, to pilot  
and defend the ship,  
and locate a new home.

Then, when he found a  
suitable planet, a  
beautiful place we  
could call home ...

He was to lead the  
invasion, take control,  
then wake me.

-----[Mike]-----

Cryogenic Sleep!?

-----[Typhon]-----

Yes ...

My youth and beauty  
could not be wasted  
by the years of inter-

stellar travel.

Well now...

I have wasted time.  
That is something else  
I've no desire to waste.

Come now to the  
fortress core!

that is if you think  
you can save your puny  
Earth ...

Or this female ...

Versus GIGA-DESP (1)

-----[Mike]-----

Here we are, Typhon!  
Where is Rola?!

-----[Typhon]-----

If you can destroy  
this Giga-Desp, you  
will find her ...

But now you are wasting  
time, my precious time.  
Now suffer as you wait  
for me in darkness.

If you lose

-----[Mike]-----

Use the Lightning Bomb  
first! How can you aim  
if you can't see him in  
this darkness?

A Treble Energy Bolt  
can't even beat his  
most powerful attack!!

So watch his movements  
carefully!! Charge  
energy before he  
starts attacking you.

Good luck, partner,  
let's do it this time!

If you win

-----[Mike]-----

You are finished!!  
Release Rola now!

I never considered that  
anyone could defeat me  
in a fair fight.

But fighting fair any  
longer is a waste of  
time. Now it's time  
to have some fun!

Look at me closely!!  
See my gorgeous  
body!!!

-----[Mike]-----

Rola!

Oh no! What have you  
done to Rola?

-----[Rola]-----

I'm fine. Typhon is  
using me to guard Giga-  
Desp's weak point.

Shoot me!!  
It's the only way to  
destroy Giga-Desp!!  
Hurry!!

You don't have time  
to think about it!  
Don't trade me for your  
home world.

-----[Typhon]-----

Rola does have a point.  
I will not waste any  
more time. Let us  
battle once more!

-----  
Versus GIGA-DESP (2)

Mike's Sacrifice

-----[Mike]-----

How're you doing,  
partner?

You seem to be OK.  
But unfortunately ...  
I'm not.

My instruments read  
the weapons systems  
are still functioning.

Hey partner, don't  
worry. I have an idea  
that may allow you to  
win this battle yet.

I'm going to transfer  
the pilot cockpit's  
remaining shield energy  
back to Falcon.

I'm counting on you not  
to let my sacrifice be  
in vain. If Falcon  
wins, I will be avenged.

You and Falcon must  
destroy him, partner!

.....

So long!!

Ending (Mike lives)

-----[Rola]-----

Thanks a lot friend!

I really do appreciate  
the fact that you were  
able to defeat Giga-  
Desp AND save me!

Not everyone could do  
what you have done.  
You are an expert ST  
gunner, a marksman!

Return now to Earth.  
Return as a hero-  
return as my hero!

-----[Mike]-----

Way to go partner!  
It seems, I chose  
my partner well.

I wonder if we will  
ever see Rola or  
another Eltorian  
again?

Let's go now.

Let's go home!!

Ending (Mike dies)

-----[Rola]-----

Thank you!

I appreciate that you  
were able to defeat  
Giga-Desp AND save  
me!

Not everyone could do  
what you haev done.  
You are truly an expert  
ST gunner!

It's too bad that  
Michael cannot be here  
with us right now.

Now it is time for  
you to return to Earth.  
You will return as a  
hero!

## 2. TORNADO PLAYTHROUGH

-----

TRAINING

-----[Carol]-----

Hello. I'm Carol, the  
pilot of the ST Tornado.

This is a test to see  
if I should accept you  
as my gunner.

Hey, I expect a lot  
of my partner and won't  
accept just anyone for  
the job.

This ST, Tornado uses  
a rapid and powerful  
weapon called the  
Super TURBO Shot.

The best feature is its ability to do immense damage to enemies with the Hyper Shot.

Oh yeah, it can fire regular TURBO Shots, but they're too weak to do any REAL damage.

You must defend yourself though, because the ST's armor is relatively weak.

To succeed and bring us back alive, you must use Tornado's abilities effectively.

LEVEL 1: SUPER TURBO

-----[Carol]-----

First, let's learn how to attack the enemy with a Super TURBO Shot.

Didn't follow directions

-----[Carol]-----

Shoot the enemy AFTER charging the Energy Bolt!

As energy charges, the indicator lamps light up. Each lit lamp lets you fire one Energy Bolt.

If you charge long enough, you can stock up to ten Energy Bolts.

You can rapidly shoot Energy Bolts if you hold down the FIRE Button.

This weapon is called the Super TURBO Shot.

Destroy the enemy using nine super TURBO Shots.

LEVEL 2: HYPER SHOT

-----[Carol]-----

This lesson will teach you the use of the one and only Hyper Shot.

Didn't follow directions

-----[Carol]-----

Charge all ten lamps. Hold the CURSOR Button. Then press FIRE. It's simple - NOW DO IT!

Listen carefull to my instructions, because if you don't do it right, you won't pass.

First, stock at least twi Energy Bolts.

Next, while holding the  
CURSOR Button, press  
the FIRE Button.

This will fire a Hyper  
Shot. Some of our  
enemies can only be  
destroyed this way.

To pass this lesson,  
you must stock ten  
Energy Bolts for each  
Hyper Shot you fire.

LEVEL 3: COMBAT  
-----[Carol]-----  
OK partner, time for  
your third and final  
lesson.

This one will be a  
simulated Battle Game.

Just like for real, if  
you run out of energy  
before your opponent,  
you lose!

I don't like to lose,  
and if you can't win  
this simulation, I won't  
take you as my gunner.

Now remember these  
instructions and you  
will win-

Charge energy and  
stock Energy Bolts.

Hold the CURSOR  
Button, then press  
the FIRE Button to  
shoot a Hyper Shot.

Now let the battle begin  
and try hard to win!

If you lose  
-----[Carol]-----  
Charge ten Energy  
Bolts, THEN hold the  
CURSOR Button.

THEN press the FIRE  
Button to release a  
Hyper Shot.

Now try hard to win  
the battle this time ...  
OK?

Now let's begin!!

If you win  
-----[Carol]-----  
Congratulations,  
partner!! You did a  
good job gunning for  
Tornado.

The real battle begins  
now. I'm counting on  
you, partner!!!

-----  
-----  
Notes: The game does indeed have a typo ("descriminiating" when it should be  
"discriminiating"), and the after-battle quote really does include "Guido:" for  
Guido's first line.

Versus GARAM-Mk2  
-----[Guido]-----  
I, Garam, am the  
strongest ST in the

If you lose  
-----[Carol]-----  
What happened?  
Block all his attacks!

If you win  
-----[Guido]-----  
Guido:  
I have lost?

world. Who dares  
to fight with me?

-----[Carol]-----  
His attacks are  
strong, but his large  
body makes a perfect  
target!

Stay calm and make  
sure to defend. Watch  
for a chance to fire a  
Hyper Shot!

-----[Guido]-----  
Oh!  
How unusual, a female  
battler!

Just because you're a  
woman doesn't mean I'm  
going to make it easy  
for you.

To do that would be  
discriminating. So  
be prepared! I am  
very, very strong!!

If he's not attacking,  
charge an Energy Bolt,  
and take a defensive  
position!!

Partner, I'm counting  
on you!

I cannot believe it!  
Rats!!

I gave this fight away.  
You should be grateful!  
Rats, rats, and double  
rats!

Versus SIAMANG  
-----[Chada]-----  
Oohh wheee!!

You are the ones who  
defeated my brother,  
Guido, pilot of ST  
Garam?

How could my brother  
have lost to such a  
pitiful ST? Did you  
somehow cheat?

-----[Carol]-----  
Be careful! His ST is  
narrow which makes it  
hard to hit him.

But if you charge an  
Energy Bolt, then shoot,  
one shot will give him  
considerable damage.

-----[Chada]-----  
Oohh wheee!!  
Do you think that you  
can beat me so easily?

If you lose  
-----[Carol]-----  
Be strong partner!  
Charge Energy Bolts  
in preparation for  
firing a Hyper Shot!

You must use TURBO  
Shots and Energy  
Bolts to defend against  
his attacks.

Remember to press the  
CURSOR Butoon  
when you want to fire  
a Hyper Shot.

Good luck.

If you win  
-----[Chada]-----  
Oohh wheee!!  
You must forgive me!  
  
From now on, I will obey  
only what you say.  
You will be my boss!  
  
Please let me call  
you boss!!

You'll see, my attack  
is strong!!

---

---

Versus WONG

-----[Dayan]-----

I am Dayan, the pilot  
of ST Wong. Who dares  
to start a meaningless  
fight with me?

-----[Carol]-----

Dayan, you will battle  
Carol Eugene and  
partner!

Partner, play it safe  
with this one! It's  
difficult to prevent  
his attacks!

He can fire many shots  
at once, so wait until  
the bullets get very  
close ...

then fire a Hyper Shot  
to defend!

-----[Dayan]-----

I don't like to battle,  
but to protect Mongolia  
I will fight with you.

You will also learn a  
valuable lesson on how  
futile fighting can be!

---

If you lose

-----[Carol]-----

Partner!  
You must be strong!!

Charge Energy Bolts,  
then press the CURSOR  
and FIRE Buttons and  
shoot a Hyper Shot.

Protect us from the  
enemy's attack using  
Super TURBO Shots.

Whenever you can,  
charge Energy Bolts!

If you have Energy  
Bolts charged, you'll  
be able to fire a Hyper  
Shot!

Now let's go!!

If you win

-----[Dayan]-----

I have lost completely.  
Mongolia is now ...  
history.

-----[Carol]-----

Do not worry, we're not  
here to take Mongolia  
away!

You have been used by  
Anubis! This is why we  
are here.

-----[Dayan]-----

...?

Can what you say be  
true ...?

I have fought for my  
people, for Monglia.  
I took Anubis' offer  
for them.

-----[Carol]-----

Soon, you will be free  
from Anubis! You have  
our word, and you can  
count on us!!

---

---

Versus GRIFFIN

-----[Orusoh]-----

Hey! What's going on  
here? This is NOT a  
kid's playground!  
So beat it!

-----[Carol]-----

Watch it partner. This  
one moves very quickly.  
Tehre's no way to do  
damage to his wings.

So don't waste energy  
trying!

-----[Orusoh]-----

What's this? You WANT  
to fight with me?

If you lose

-----[Carol]-----

Be strong partner!  
A Super TURBO Shot  
can't shoot down all  
his missiles.

First, shoot a Hyper  
Shot, then fire Turbo  
Shots to intercept his  
missiles!

Watch his movements  
closely! Charge as  
much energy as you  
can!

Do it right, and you  
can beat him with one

If you win

-----[Orusoh]-----

Hmm ...  
You are good, you beat  
me. But don't rejoice  
too much ...

'cause the heat of  
reentry will get you!!

-----[Carol]-----

Sorry, Orusoh! Too bad  
you didn't know all  
that this ST can do.

Tornado can easily  
escape this situation.

-----[Orusoh]-----

OK, it's your choice,  
so be prepared.

shot.

Let's go, partner!!

What!!

I cannot believe it!

Gwaaaaaaa ...

Take the plunge with  
me now. Let us fall  
down to the Earth.

Hurry, or you'll be  
burnt by the heat of  
reentry! Let's go!!

Versus VISCOUNT

-----[Carlos]-----

Why are you here? Do  
you wish defeat? When  
I do, your ST's head  
will join my collection!

-----[Carol]-----

His weapons are the  
most similar to ours!  
He can shoot TURBO  
Shots and Energy Bolts.

Make sure to protect  
us well, otherwise we  
may not defeat him.

-----[Carlos]-----

What!?!? Another ST  
where the pilot and  
gunner aren't the same?  
For this, I didn't plan.

However, with that type  
of ST, the pilot and  
gunner must work as  
the perfect team.

If they do not have  
perfection, they cannot  
have strength!

I will not lose to an  
unconventional ST. I  
am sure it will become  
a part of my collection.

If you lose

-----[Carol]-----

I hate to admit it  
partner, but his  
assault power is really  
pretty awesome!

Block his bazooka  
attack with a Super  
TURBO Shot.

Charge as many Energy  
Bolts as you can!

If you can fully charge  
the energy, you'll be  
able to destroy that  
shield.

We can do it, let's  
show him what a great  
combination this team  
can be!!

If you win

-----[Carlos]-----

I cannot believe what  
has happened. How  
could a stronger ST  
have come from Earth?

Go on now to Mars!  
Anubis and ST Thanatos  
have escaped to there.

Make sure to return  
alive! I demand a  
rematch, and I will  
beat you!

Versus THANATOS

-----[Carol]-----

Hey hey, Anubis! It's  
time to come out and  
party. Or do you want  
to play hide 'n' seek?

If you lose

-----[Carol]-----

Be careful partner.  
His entire body is  
covered with weapons.

Some of them can do

If you win

-----[Anubis]-----

I can't believe this ...  
I have been defeated  
by these little ones!

I remember YOU now!!

-----[Anubis]-----  
You know of my  
existence. Who are  
you!?

-----[Carol]-----  
You're just a clone,  
and have no right to  
even speak.

Partner! You must  
defend us now! C'mon,  
I'm counting on you!

-----[Anubis]-----  
...??????

Fine. you will be  
disposed of soon.  
Don't stop and think  
now, come closer ...

and let me make you  
disappear ...  
Ha ha ha haa!!

severe damage. He's  
not even afraid to use  
body parts to attack!

Fire a Hyper Shot  
BEFORE he starts his  
attack!

You can easily intercept  
his Rocket Punches or  
Kicks with one Super  
TURBO Shot.

If you charge as many  
Energy Bolts as you  
can, it will be easy to  
destroy him!

Good luck partner!

You ... traitorous ...  
little !!!

You are ...

Versus ARACHNUS  
-----[Danpe]-----  
Ga ha ha ha!!!  
Did you see that? Did  
you see the power of  
my ST, Arachnus?

Now I will break you  
into pieces, just like  
the rock!!

-----[Carol]-----  
Partner, be careful!  
I have one bit of advice  
that you absolutely  
must keep in mind.

It is most important  
that you do NOT attack  
his stomach! To do so  
would be a mistake.

If you destroy his  
stomach, he will attack  
so hard, I don't believe  
Tornado will survive!

-----[Danpe]-----  
Pilot, How is it you  
know me so well!?  
Tell me, where have I

If you lose  
-----[Carol]-----  
Be careful, partner!  
DO NOT attack his  
stomach!

If you don't follow  
that simple rule, it  
will be very hard to  
block his attack!

When he fires many  
shots from his stomach,  
protect yourself with  
Hyper and TURBO Shots.

Partner, I'm counting  
on you!!

If you win  
-----[Danpe]-----  
I have lost? How  
can this be? Certainly  
there must be some  
mistake!!

-----[Carol]-----  
Partner, we must leave  
him now. He is of no  
further concern. Our  
next enemy is at Saturn!

-----[Danpe]-----  
Wait pilot! You are  
are familiar from some-  
where. I should recall  
you, but I cannot!!

seen you before?

---

---

Versus COBRA

-----[Zephyr]-----

Wow!

This is the ST that  
beat Arachnus?

Why, it looks so small  
and weak! Look at this  
ST Cobra! I designed  
the best ST for myself.

As an opponent, you  
will be too easy.

-----[Carol]-----

Be careful, his shield  
absorbs energy! Take  
care when you fire an  
Energy Bolt!

-----[Zephyr]-----

Huh?

I have seen this pilot  
somewhere before.

Hmmm ...?

Well, I can't remember  
and it doesn't matter!  
I will now dispose of  
you, very quickly!!

---

If you lose

-----[Carol]-----

partner!

His shield can drain  
the charged energy  
right out of your gun!

Calm down!

The shield has a weak  
point, right in its very  
center!

Aim well, otherwise  
your shot won't hit  
the target.

If it does hit the right  
spot, you can destroy  
him instantly!

Of course, you'll need  
to use a Super TURBO  
Shot, or a Hyper Shot!

Another weak spot is  
his shoulders. It may  
be best to aim at them.  
Good luck, partner!

---

If you win

-----[Zephyr]-----

Uhh!! What???

You have made me most  
miserable! There'll be  
no forgiveness for you!

I'm going to tell Momma.  
She will teach you a  
lesson!

---

---

Versus GROKEN

-----[Zephyr]-----

Momma! Here they are.  
They are the ones who  
made me look like this!

-----[Pamela]-----

Oh, my poor, poor, little  
boy! Do not worry my  
darling, Momma will  
avenge this misdeed!

-----[Carol]-----

Partner, don't the two  
of them just make you  
sick?

Now be careful! This  
ST reflects and shots  
taht do not hit a weak  
point, so aim well!

-----[Zephyr]-----

If you lose

-----[Carol]-----

Be strong partner!!  
Her weak point is where  
the red light flashes!

A Super TURBO Shot  
is fairly slow in speed,  
so it makes it hard to  
hit the target.

Instead, attack the  
weak point with a  
Hyper Shot, it's much  
faster!!

A Super TURBO Shot  
won't bounce back if  
it hits her body.

I hope you understand  
partner, 'cause I'm  
counting on you!

If you win

-----[Pamela]-----

Ughhh!

I have been defeated!

But the fortress will  
be here soon. Eltoria  
will drop out of warp,  
and you'll be finished ...

As well as that puny  
little Earth.  
Hee, hee, hee, heee ...

Momma?  
Haven't we seen her  
somewhere before?

-----[Pamela]-----  
Yes ...  
She is ... familiar.  
But I can't seem to  
remember from where.

Don't worry though, I  
will ask her questions,  
many questions after  
I beat her!

-----

-----

Versus VIRVIUS (1)  
-----[Carol]-----  
Hey hey Anubis! I've  
returned, and I'm here  
to defeat you, so be  
prepared!

-----[Anubis]-----  
You impertinent little  
wretch! Not only have  
you betrayed us ...

You have returned in  
the company of an alien.

So be it. I will rid  
Eltoria of you, then  
take the Earth myself.

If you lose  
-----[Carol]-----  
Partner, don't be  
confused by his attack!

Even though it appears  
as if his body has split  
into several parts, only  
one his real body!

Fire a Super TURBO  
Shot at each one!

If you hit this real  
body, the false images  
will disappear!

By firing regular  
TURBO Shots, you can  
determine which is  
his real body.

Then, fire a Hyper Shot  
at his real body.

He must be destroyed  
at once!

If you win  
-----[Anubis]-----  
You have injured ME!  
I congratulate you on  
that! But fear now  
my retribution!

Ha, ha, ha, ha!  
Look at me now! You've  
angered me!

It's too late now for  
regrets! So try to  
survive my mighty  
gunfire!

!!!!!!  
What was that?

(Rola appears; unlike Falcon, health doesn't change the dialogue here)

-----[Carol]-----  
Sister!  
You're LATE!!

-----[Rola]-----  
Sorry kid, I'll tell  
you later what delayed  
me! But now, check  
your energy gauge!

-----[Carol]-----  
Thanks, sis!  
With that we can finish

Anubis and ST Virvius!

-----[Rola]-----

And you MUST. We  
cannot take the Earth  
as our own, just  
becfause Anubis wants it.

An intelligent life form  
is already living there.

Now use your power and  
stop his selfish greed!!

-----[Anubis]-----

Rola!!! Carol!!!  
You would betray me?  
Your people? You too  
are both Eltorian!

Fine!

I don't care anymore!  
First I will dispose  
of the rebellious pilot.

Then, I will take care  
of Rola.

-----  
-----  
Versus VIRVIUS (2)

-----[Carol]-----

'Fraid not buddy ...  
You're the one who'll  
be destroyed!!

OK partner, let's show  
him what teamwork can  
do!

If you lose

-----[Carol]-----

Partner, the only  
place he can be damaged  
is inside one of the  
five mouths.

If you can charge ten  
Energy Bolts, he can  
be destroyed with only  
one shot.

Look at the center  
mouth! See how his  
tusks are moving?

If you fire a Hyper  
Shot right there, he'll  
surely open his mouth  
wide open.

When he does, you MUST  
treat him to a surprise!  
Fire a Super TURBO or  
Hyper Shot right inside!!

OK now, let's show him  
our real power!

If you win

-----[Anubis]-----

I have ...  
completely ...  
and utterly ...  
failed.

Without finding a new,  
safe place to live, I  
I have been destroyed  
by a lowly alien.

My rest will not be  
in peace ...

Aaaaaarrrrrrrrr!!!

-----  
(Rola appears)

-----[Rola]-----  
Well done my sister!

-----[Carol]-----  
Do not forget my  
gunner!

-----[Rola]-----  
Yes, the gunner ...  
We owe you an  
explanation.

We lost our home planet.  
It was own fault.  
Since then we wondered,  
until we found ...

-----[Carol]-----  
Partner!  
We found your Earth!

-----[Rola]-----  
Yes ...

Even though there were  
intelligent beings there,  
Anubis sent his clone  
to steal it.

We couldn't destroy  
Anubis by ourselves.  
We needed your help ...

-----[Carol]-----  
So partner ...  
I brought you here!

-----[Rola]-----  
But it is over now!  
Anubis is gone, and  
so ...

(vines creep up from underneath Rola and grab her)

Ahhhhhhhhhh!!!!!!!

-----[Carol]-----  
Sister!! What has  
happened!?

-----[Typhon]-----  
Ha ha ha ha ...

-----[Carol]-----  
Who are you!?

-----[Typhon]-----  
I am Typhon, the true  
king of Fortress  
Eltoria.

I was to rest, in  
cryogenic sleep until  
my servant, Anubis  
found a new planet.

A beautiful place to  
call our home. When  
he had taken control,  
I would be awoken.

This way my beauty  
and youth would last  
forever.

-----[Carol]-----

The real king?

You ...

You have kidnapped my  
sister! Where is she?

-----[Typhon]-----

If you want to see her  
again, come to the  
fortress core!

And you Earthling! If  
you cannot beat me,  
you will never again  
see your home!

I will not waste anymore  
time. Come quickly!  
I am waiting for  
you!!

-----  
-----  
Versus GIGA-DESP (1)

-----[Carol]-----

We have come, Typhon!  
Now where is my  
sister!!?

-----[Typhon]-----

IF you can destroy my  
Giga-Desp, you will  
know ...

But for now, we are  
wasting time. Let this  
battle begin!!

If you lose

-----[Carol]-----

The only place he'll  
take damage is when  
he shows his eye balls  
before his big attack.

Be careful, the attack  
from his eye balls  
cannot be stopped.

Calm down, partner.

Watch his movements!!

Charge energy!!

Good luck, partner!!

If you win

-----[Carol]-----

What have you done with  
my sister? Answer me!

-----[Typhon]-----

Ha ha ha ha ha ...  
I thought this would  
be a waste of time,  
but I'm enjoying this!

Gaze upon my gorgeous  
body!! Open your eyes  
and look at me closely!!  
Ha ha ha ha ha ...

-----  
-----  
Versus GIGA-DESP (2)

If you lose

If you save Rola

-----[Carol]-----  
Rola!!!  
Oh no! What have you done to  
my sister ...?

-----[Rola]-----  
Don't worry kid, I'm  
OK, but Typhon is using  
me to hide Giga-Desp's  
weak point.

Shoot me!!  
It's the only way to  
destroy Giga-Desp!!

Hurry!! There's no  
time to think! The  
lives of all the people  
on Earth are at stake!!

-----[Typhon]-----  
This is taking too long!  
I will destroy the puny  
ST first, then I will  
take care of you Rola!

Who knows, your own  
sister or the Earthling  
might even do it for  
me ...

---[nothing happens]---

-----[Rola]-----

Thank you very much  
my friend!

I just can't tell you  
how thankful I am that  
you defeated Giga-Desp  
AND saved me!

-----[Carol]-----

Yes partner, thanks  
for saving my sister!

Not just anyone could  
have done this. You  
are an expert. A true  
marksman!

Now it's time for you  
to go home.

Return now to Earth.  
Return as a hero-  
return as my hero!

It seems, I chose  
my partner well.

See you again ...  
Sometime ...  
Maybe ...
