\* Opening \*

\*\*\*\*\*

Stone: Primary systems engaged  
all secondaries are green  
Ready for launch

\*\*\*\*\*

\* Mission One \*

\*\*\*\*\*

Rescue at Axis 5

Locate agent Marissa and  
get out as fast as you can.

\*\*\*\*\*

Marissa: Thanks for the rescue.  
Now let's get out of  
here quick.

\*\*\*\*\*

I want to congratulate  
Lt. Stone for the fine  
job you did at Axis 5.

Axis Forces are still  
unaware of our presence.  
This gives us an advantage.

\*\*\*\*\*

\* Mission Two \*

\*\*\*\*\*

Boarding Party

Our mission today is to  
capture intact a fully  
loaded Axis supply ship.

Three nitro units will  
board the ship and capture  
its command bridge.

The supplies on board  
that ship will strengthen  
our forces significantly.

Good luck Stone.

\*\*\*\*\*

\* Mission Three \*

\*\*\*\*\*

War on the Rock

Our mission today is of  
the utmost importance.

The agent we rescued from  
Axis 5 gave us the location  
of an enemy supply base.

The base is located on a heavily shielded asteroid.

Our ship will knock out the base's shields.

Lt. Stone's group will secure the base after the shields are down.

Good luck Stone.

\*\*\*\*\*

Good work Stone. You've captured the central power core.

An enemy ship is dropping space armor into the base. Don't let them destroy the core generators.

\*\*\*\*\*

If you fail to stop them...

They are destroying the core generators. You've got to stop them.

There are only two core generators still intact.

Mission failed. Central core destroyed.

\*\*\*\*\*

If you succeed in stopping them...

Good work Lt. Stone you have saved the powercore. Now get to the Hangar and stop that enemy drop ship.

\*\*\*\*\*

Disable the gun turrets and see if you can take this ship intact.

\*\*\*\*\*

Great job Lt. Stone. Now bring the ship back into the hangar.

\*\*\*\*\*

\* Mission Four \*

\*\*\*\*\*

Ship Defense

As of today  
Lt. Stone is promoted  
to the rank of captain.

Congratulations Capt. Stone.

Much of our recent success  
is owed to your skills  
as a pilot.

However our success has  
attracted the attention of  
Axis forces.

Attack by enemy space  
armor have increased  
tenfold in the last day.

Our Nitro units are badly  
in need of rest and repairs.

I want to use the two  
captured Prometheus units  
to strengthen our defenses.

Two good pilots in these  
units should be able to  
defend the ship completely.

Good luck Stone.

\*\*\*\*\*

We need some help here.  
They are doing some  
serious damage.

\*\*\*\*\*

Hurry we can't take  
much more of this.

\*\*\*\*\*

\* Mission Five \*

\*\*\*\*\*

Frontal Assault

Success in todays mission  
will give us a foothold  
on Earth.

Failure could spell doom  
for everyone here.

Capt. Stone's group will

enter the atmosphere in  
a low level approach.

Target is the huge ground  
defense cannon based in  
Ketchikan Alaska.

Destruction on the cannon  
is essential to safe air  
operations of our forces.

Good luck Stone.

```

The enemy has an underground  
research facility on the  
coast of Chile.

Capt. Stone's group will  
lead a raid on the  
facility.

The mission to locate  
and steal the enemy's new  
full flight combat unit.

\*\*\*\*\*

Good job Capt. Stone.  
You found the entrance  
to the underground base.

\*\*\*\*\*

Enemy: You've reached the end  
of the line punk.  
In a moment you'll be  
cooking in the lava below.

\*\*\*\*\*

Grab that flyer and  
get out of there.

\*\*\*\*\*

Open those doors and  
get that flyer up to  
the ship.

That red glow in the sky

is from Dorado City.

Axis forces are burning  
the city so as to leave  
us nothing to capture.

Capt. Stone's group will  
proceed to zone four of  
the city.

Your job is to keep  
the axis forces from  
destroying the base there.

Good luck Stone.

\*\*\*\*\*

Three large Axis units  
are just ahead.  
Don't let them destroy  
the base in zone four.

\*\*\*\*\*  
\* Secret Mission \*

\*\*\*\*\*  
The Tower

Our success on Earth has  
put the Axis forces on the  
defensive.

The mission today is the  
first step in putting a  
quick end to the war.

The main Axis communications  
tower is located 50 miles  
from our current position.

A lone pilot in a nitro unit  
will sneak through enemy  
lines and enter the tower.

The pilot will steal the  
Axis command key and  
bring it back here.

\*\*\*\*\*

Marissa: You got the command key.  
Now get out of there.

\*\*\*\*\*

Enemy: There is no way out of  
here for you.  
Except in a coffin.

\*\*\*\*\*

\*\*\*\*\*  
This is the big one folks.  
The Axis central command  
lies directly below us.

Capt. Stone's group will  
be leading the attack.

Intelligence has it that  
the enemy is trying to  
build a super weapon.

Your job is to get inside  
and knock out this super  
weapon if it does exist.

Good luck stone.

\*\*\*\*\*

Good job Capt. Stone.  
You found the entrance  
to the underground base.

\*\*\*\*\*

Boss Enemy: Prepare to meet your maker.

\*\*\*\*\*

Boss Enemy: You may have destroyed the  
Axis forces but you will  
never stop me.
