

# Breath of Fire Equipment FAQ

by jjholt

Updated to v2.02 on Jul 31, 2007

This walkthrough was originally written for Breath of Fire on the SNES, but the walkthrough is still applicable to the GBA version of the game.

```

This is my first ever FAQ! It's of all the equipment and the special effects of each in Breath of Fire. I hope this helps you somehow. If you

have any questions or anything missing that needs to be added please email me at dale\_jeremy@hotmail.com.

|1. VERSION HISTORY|
| _____ |
```

VERSION 1.0

My first faq completed on November 11, 2005.

VERSION 1.01

Just a minor update, thanks to MeepleLardicle for confirming that the PowerHT has a special effect.

VERSION 1.02

Adding the percentage of effectiveness of some equipments special effects and a few more weapons uses as items, contributed from Deathlike2.

VERSION 2.02

Finally completed the brand new section of where everything is located, along with a bunch of other minor updates.

---

This is pretty self-explanatory; but I'll say it anyway. Under character everyone is all of the eight characters; guys is Ryu, Bo, Karn, Gobi, Ox, and Mogu. The weapons that can be used as an item are listed as the spell they mimic under Nina and Bleu's spell list.

```

|

I've done all this research and everything by myself, but I still need to thank everyone on the BoF message board for helping me to figure out some of the special effects of the equipment. And thanks to you for looking through my faq.

Thanks to MeepleLardicle for confirming that the PowerHT has a special effect.

Thanks to Deathlike2 for giving me the percentages of the equipment's special effects, and for effects of RageHR, LoyalRP, EvilCN, IcyCW, and ThndrRP.

Thanks again to MeepleLardicle for informing me about the special effects of the Tri-Rang, SkullHT, Sleeper, DarkBW, DarkDR, and Mallet; and for confirming the special effect of the MaskSH.
