Super Famicom Wizardry Gaiden IV: Throb of the Demon's Heart
Bestiary

Notes: When duplicate names are listed, the enemy shows up for that value. But there are differences, as you can see in the parentheses. The enemy may be wearing a different tunic than the previous encounter, or using a different weapon, or may even have no weapon at all. Sometimes the enemy may appear in an alternate form, such as 'lizard-like' or 'dragon-like'. Murphy's Ghost shows up here, as does Flack & a few other Wiz1 alumni.
