## Introduction

---

Some of the information in this guide is provided as a courtesy from *Sarah Shinespark*. She is the author of the ROM patch [Seal of Rimsala](#), which can be found over at Romhacking.net. Without her assistance, I probably wouldn't have made this guide to begin with.

With that said, I HIGHLY suggest going over there and checking out her patch! In my opinion, it's the best version of the game available. Hands down.

## Level-Up Chart

---

**NOTE:** The values listed below are vanilla, meaning from the unaltered NTSC-U\_C version. The Seal of Rimsala patch made several changes and fixes which result in some different values.

Table Abbreviations:

- Lv = Current Level
- cHP, cMP, cSTR, cEND, cINT, cALT = Current HP, MP, Strength, Endurance, Intelligence, and Alertness values.
- +HP, +MP, +STR, +END, +INT, +ALT = The amount of each stat that you gain when you reach said level.
- nEXP = The required amount of Experience Points required to reach the next level.
- Spell Learned = The spell that you learn at said level, if any.

Additional Information:

- Darwin starts at a minimum level of 4. I have found no way to get him into your party at level 1-3 without manually hacking his level.
- The total amount of EXP needed to go from levels 1-60 is 494,391 for everyone, except Darwin and Teefa. Teefa requires 494,421, while Darwin needs 494,301 from levels 4-60.
- While the above total EXP values needed from 1-60 are interesting to note, keep in mind that certain characters will be recruited at a much higher level than 1. There is a formula used to determine what level they will join your party at, more than likely dependent upon the level of Rooks. With that in mind, they may join your party with several spells already learned.

- The amount of EXP needed for your spirits to level up is the same as Rooks. When he levels up, however, their stat gains will not be displayed in a list like the main storyline characters.
- If Rooks levels up while X spirit is dead, that spirit will still learn spells that he/she would have otherwise learned at that level.
