FOR MORE THAN 30 YEARS
AEROSMITH HAS DEFINED
AMERICAN ROCK 'N' ROLL.

Just a brief overview of their remarkable career is truly mind-boggling: over 150 million albums sold, induction into the Rock & Roll Hall of Fame, countless awards (four Grammy Awards, eight American Music Awards, six Billboard Awards, and 12 MTV Awards), and a diehard "Blue Army" fan-base numbering in the millions worldwide. Since 1972 they've criss-crossed the globe nearly 36 times and performed at two Super Bowls (reaching a combined viewing audience of nearly two billion). Described by Mojo editor Phil Alexander in a May '07 cover story as "America's greatest hard rock act," the members of AEROSMITH

STEVEN TYLER (vocals), JOE PERRY (guitar), BRAD WHITFORD (guitar), TOM HAMILTON (bass) and JOEY KRAMER (drums)--remain creatively vital, and are the platinum standard for artistic and commercial success in the music business. Through it all they have defeated the odds, silenced their critics and have undeniably withstood the test of time.

In 2007, Aerosmith triumphantly performed 35 dates in 20 countries. It included their first-ever performances in Dubai, United Arab Emirates and Bangalore, India, where they electrified a crowd of 22,000 fans at the Palace Grounds. Another 50,000 fell under the group's spell when they performed at the Hard Rock Café's London Calling event in Hyde Park. The overseas trek concluded with two unforgettable shows in St. Petersburg and Moscow.

Recent Aerosmith releases include: the 2004 blues-influenced CD Honkin' On Bobo (which received a four-star review in Rolling Stone); 2004's live DVD You Gotta Move; 2005's live CD Rockin' The Joint, and a 2006 career retrospective CD with two unreleased songs.

NIPMUC HIGH SCHOOL MENDON, MASSACHUSETTS 1970

Nipmuc was the first gig that we played where the name of the band we finally chose as Aerosmith was on the banner and that was the start of it.

MAX'S KANSAS CITY
NEW YORK CITY 1971

No Surprize was the first one where I was able to put together in my lyrics what was actually going on at the time. It was epiphanous in a sense that — 1971, we all heard the starters Gun. New York was such a pity but at Max's Kansas City we won. — which is what we did.

The Orpheum Theatre was one of those places when we were starting out we would go see big acts. That was just a place you wanted to get to. You wanted to smell that dressing room and see it from behind the curtains. I still love playing there. It just hit so much history for me and the band.

Mercy

You've arrived at the epicenter of the secret world, the inner sanctum, the clubhouse, the very bunker of the band known as Aerosmith. Writing, rehearsing, recording, hanging around making phone calls and several other of the black arts are practiced here.
