INTRODUCTION

The fires of the Clone Wars are burning throughout every corner of the galaxy. Guided by the Sith and under the direct leadership of Count Dooku, the Confederacy of Independent Systems has dealt one crippling blow after another to the Republic. Recalled from a battlefield in the Outer Rim, Obi-Wan Kenobi and Anakin Skywalker return to Coruscant to find the planet under siege. Seeking to drive the Republic into further chaos, the malicious cyborg General Grievous has infiltrated the capital and abducted Supreme Chancellor Palpatine. As the Separatist army flees Coruscant with its prize, Obi-Wan and Anakin lead an urgent rescue mission to free the captive Chancellor. The fate of the galaxy rides with them; failure could mean an end to the war... and to the Republic itself.

- 3 Force Meter** This meter is depleted whenever you use Force Powers. It regenerates over time. You can fully replenish the Force Meter by picking up a Force Power Surge.
- 4 Health Meter** This meter decreases as you take damage. Your mission ends when it is depleted. Health can be replenished by picking up Bacta tanks; run over one to pick it up. If your health is full, the tank will not be picked up. You can also replenish health by using Force Heal (see page 9). You can fully replenish your Health Meter by picking up a Health Surge.
- 5 Combat Rating** Each time you defeat an enemy, the Combat Rating is displayed. Ratings are based on how much skill you have accumulated at the moment you defeat an enemy.
- 6 Skill Meter** This meter measures your skill as a Jedi in combat. You gain experience

- bonuses depending on how high your Skill Meter is. Additionally, when the meter is full, you gain a temporary power increase. For more information see Skill, page 13.
- 7 Object Interaction Icon** If you are near an object that can be interacted with, an icon of a hand appears above the Skill Meter. For some objects, you may need to press and hold the O or the R1 Button to perform an action.

- 10 R2-D2 Progress Meter** Sometimes R2-D2 will need to perform a task so you can progress. This meter shows how close he is to completing his task.

PAUSE SCREEN

Press the START Button to pause. Here you have the following options:

Continue: Exit pause mode.

Objectives: Displays objectives for the current mission.

Combat Chart: Review how each action and combo attack is executed. The chart shows moves that can be unlocked by spending Experience Points. Not all moves are listed in the Combat Chart; experiment to find additional combos.

Settings: Change the controller configuration and adjust the same settings available in the Main Menu.

Restart Mission: Start the current mission from the beginning.

Quit Mission: End the current mission and return to the level select screen.

AUTOSAVE

Star Wars®: Episode III *Revenge of the Sith*™ uses an Autosave feature to save game progress at the end of each mission. Make sure a memory card (8MB)(for PlayStation®2) is inserted into MEMORY CARD slot 1. When the Autosave feature is running, do not remove memory card, controller, or reset/switch off console. Note: at least 70KB of free space is required to save game data. Your settings will be saved at the end of each mission, when your game is saved.

THE ART OF JEDI COMBAT

To succeed in combat, a Jedi must master mind, body, and saber. Below is a sampling of the many Combat Moves and Force Powers. For a complete list, refer to the Combat Chart in the in-game pause menu. More powerful moves can be unlocked by spending Experience Points at the

end of a mission. For more information see Experience, page 12. The two Jedi heroes have distinct styles of combat: Obi-Wan relies more on speed and agility, while Anakin relies on strength and power. Anakin is more brash, powerful and sometimes a bit out of control. His moves involve more complex spins and saber twirls. Anakin's upgraded attacks become even more aggressive as he is consumed by the Dark side. Obi-Wan relies on a simpler, straightforward saber fighting style. He doesn't have the raw power of Anakin, so he must be more precise with his attacks and less showy.

BASIC MOVES

Note: These controls mentioned in the manual refer to the default configuration.

SABER STRIKES The □, ○, and △ Buttons each perform basic Saber attacks. Press the □ Button for a fast attack with not much power, the ○ Button for a slow but potentially lethal attack, and the △ Button for a balance of speed and power.

BLOCK As a Jedi with the ability to predict incoming blaster fire, you will automatically deflect some enemy shots. However, to deal with more powerful close range attacks, press and hold the L1 Button to block. This will also completely repel weaker blaster bolts.

STRAFE While blocking, you will automatically face the most immediate threat. Continue blocking and move the Left Analog Stick to strafe around the enemy.

COMBO ATTACKS

Experiment with various combinations of the attack buttons and movements to execute combination attacks. Here are some of the initial combos that Anakin can perform:

STANDING RAPID SLASH COMBO □, □, □

STANDING RAPID BACK STRIKE □, □, △

STANDING RAPID JUNG SLASH □, △, △

RAPID SLASH COMBO Move the Left Analog Stick toward enemy and press □, □, □

FORCE POWERS

Force powers will affect enemies or certain objects you are facing or targeting. To target an enemy, move the Right Analog Stick in the direction of the enemy or object. A blue glow will surround your target. Moving the Right Analog Stick in a different direction will change the target. The Force Powers can be upgraded to improve the range, power, and number of enemies affected by each of them.

FORCE PUSH

Quickly press the R1 Button to perform a Force Push. A wide wave of energy knocks back multiple enemies and causes damage.

FORCE GRASP

Press and hold the R1 Button to lift the target into the air, and move the Left Analog Stick in the direction you want to throw it, then release the R1 Button. You can throw enemies or objects around you. The target takes damage, along with any enemies it hits.

FORCE STUN/LIGHTNING

Press and hold the R2 Button to stun several droids (if they are clustered together). After a moment of concentration and after enough Force Power is used, the droid(s) will remain stunned for a short while and you can finish them off or deal with other threats. If the R2 Button is not held down long enough, the target will not remain stunned. If used on weak-minded humanoid, they are tricked into fighting for you for a short duration.

Eventually Anakin gains the Force Lightning ability, which replaces Force Stun. Press and hold the R2 Button to electrocute enemies, effectively stunning them and doing continuous damage. You can continue to send bolts until the enemy is defeated or your Force Meter runs out.

SABER THROW

Press the L2 Button to throw your lightsaber, damaging all enemies and objects in its path. The longer you hold down the L2 Button, the farther your lightsaber will fly. The lightsaber automatically returns to you after making a curved flight arc. This ability can also be used to destroy objects that would normally be out of reach.

FORCE HEAL

Press and hold the R3 and L3 Buttons (press and hold both the Left and Right Analog Sticks) to heal yourself using the Force. This ability uses a lot of Force Power and will drain the meter very quickly, so use it wisely.

FORCE SPEED

Move the Left Analog Stick twice in any direction to receive a temporary speed boost. While using Force Speed perform combos to create powerful attacks. This Force Power cannot be upgraded.

FORCE ACTION ICONS

FORCE JUMP ICON

When a player can use the Force to enhance his jump to gain access to further areas of a level, a glowing icon will appear on the ground. Press and hold the X button and then release it to activate the Force Jump. The player will land at a specified location.

FORCE FOCUS ICON

At times in the game, you will need to use the Force to dramatically alter the environment to progress through a level. A glowing icon appears on the floor to highlight these situations. Press and hold the R1 Button and then release it to activate the Force Focus Event. The player will be rewarded with remarkable feats of Jedi power.

ADVANCED MOVES

When facing other Jedi, you will need to be quick and clever to succeed. Master these maneuvers to dominate your opponents.

BREAKING GRAPPLES

You can break Grapples by pressing the □ and △ Buttons simultaneously at the very beginning of the Grapple.

BREAKING OUT OF STUNS

When hit by Force Stun you can break out by quickly pressing the □ and △ Buttons simultaneously.

UNIVERSAL LAUNCHER

Move the Left Analog Stick toward your opponent and press the △ Button as the third part of a three-hit combo to launch your opponent into the air, where you can follow up with more attacks.

JUMP FOLLOW-UP

After performing the Universal Launcher, press the X Button to jump into the air after the enemy to score a free attack before the enemy can perform an Air Tech Escape.

AIR TECH ESCAPE

If you are hit by a Universal Launcher you can escape a Jump Follow-up attack by pressing the X Button in the air.

CRITICAL LUNGE STRIKE

When an enemy is at critical health press the ○ Button to perform an unblockable attack that will quickly dispatch your foe.

GET-UP ATTACKS

While lying on the ground you can keep enemies from attacking by pressing the □ and △ Button.

OFFENSIVE SHUNT

Move the Left Analog Stick toward your opponent and press the L1 button to shunt (parry) a lightsaber attack, then quickly press the □ or △ Button to perform a follow-up attack.

OFFENSIVE COUNTER SHUNTS

If your opponent traps you with an Offensive Shunt you can escape his follow-up attack. As the shunt begins press the same attack button that you think he will use.

TRAP SHUNT

While blocking, press the □ and △ B Buttons simultaneously just before being struck by a lightsaber. Note: Trap Shunts cannot be countered.

SABER LOCK

Saber Locks happen when two strong attacks collide at the same time. Rapidly press the □ and △ Buttons simultaneously for maximum pushing power.

PERFECT DEFLECTION

You can deflect blaster bolts back at the enemy for increased damage by pressing the L1 Button at the moment a bolt hits you.

SINGLE PLAYER

STORY MISSIONS

Story Missions follow the story of Anakin Skywalker and Obi-Wan Kenobi as they attempt to save the Republic from falling into chaos. Gain Experience and increase your Jedi powers as you unravel the Sith plot for galactic domination.

EXPERIENCE

Experience Points are awarded when you defeat an enemy. You gain an Experience Point bonus based on your Skill meter. The more Skill you have built up, the bigger the bonus. For more information see Skill, page 13.

Upon completion of a Story Mission, the Mission Rewards screen summarizes your performance, displaying Experience Points gained, and the number of secrets found. The character's status as a Jedi is shown in the upper right corner. As you gain experience you will progress from a Jedi, to a Jedi Knight, to a Jedi Master.

After reviewing your achievements, you are taken to the upgrading screen. Here you can spend your Experience Points to increase the effect of your Force Powers, or unlock new moves. Press the X and △ Buttons to page forward and back between Force Powers or Combat

Skills at the top of the list, and then scroll down to highlight individual powers or combat groups. Press left and right on the directional pad to add or remove Experience Points for abilities.

All abilities have three levels of advancement. The experience meter to the right must be filled for each increase in power. Partially filling a meter won't affect an ability's power.

When selecting Combat Skills, press the □ Button to see the details for each group. The level of enhancement required to unlock moves is displayed alongside. Press the □ Button again to return to the Combat Skills list.

SKILL

Skill accumulates in the curved meter above your character's portrait. Skill builds up when you attack an enemy. You gain Skill even if the enemy blocks your attack, but at a reduced rate. You lose Skill if you don't attack anything for several seconds, take damage, or block attacks. So the best way to build Skill is to be on the offensive as much as possible. The Combat Rating is based on how much Skill you have when you defeat an enemy:

- Low Skill achieves a Fair rating and no Experience Bonus.
- Medium Skill achieves a Good rating and a 150% Experience Bonus.
- High Skill achieves an Impressive rating and a 200% Experience Bonus.

If you manage to fill the Skill meter completely you will have proven that the Force is with you. For a short time you will do increased damage and no enemies can block your attacks. In addition, all enemies destroyed gain the Masterful rating and earn a 300% Experience Bonus. Picking up a Saber Crystal will automatically fill your Skill meter and produce the same bonus.

CONTEXTUAL ACTIONS

At certain points in Story Missions, you may need to perform a special action to overcome obstacles. A hint message will appear at the top of the screen indicating how to perform the action.

LIGHTSABER CUTTING AND PLUNGING

Doors and panels in the game can be cut open using your lightsaber. To do this, press and hold the ○ Button while moving the Left Analog Stick in the direction of the cut. Once successful, your character will remove

the door or panel to gain access to what is behind. You can destroy some doors by plunging your lightsaber into the center and melting it. This action is controlled the same as the Saber Cut.

BLASTER CANNONS

At certain points in the game you will have to man a blaster cannon to proceed. Press the **O** Button to jump into the gunner seat. Aim the cannon with the Left Analog Stick. Press and hold the **□** Button or the **R1** Button for low power, fast firing shots. Press the **△** Button or press and hold the **L1** button to fire a single charged up shot. Both types of shots cause heat to build up in the cannon. The heat meter is located in the lower right corner of the screen. If the meter gets close to full, the cannon will overheat and will not be able to fire for a few seconds as it cools off. The cannon does not protect you from taking damage.

BONUS MISSIONS

Bonus Missions are unlocked when certain Story Missions are completed. In Bonus Missions, you take on the role of different characters and are thrown into an arena where waves of enemies attack constantly. The object may be to last as long as you can, or to defeat a certain number of enemies. When the mission is over, a screen displays time elapsed and the number of kills.

MULTIPLAYER

VERSUS MODE

Two players battle head-to-head, or one player versus a computer-controlled opponent, to prove who has mastery of the Jedi arts. Select your character, choose an arena, set the number of rounds, and fight for bragging rights.

COOPERATIVE MODE

This mode works like Single Player Bonus Missions, but two players (or one player and a computer-controlled teammate) work together. Be careful! The mission ends if only one of you falls.

PLEASE READ THIS LICENSE CAREFULLY BEFORE INSTALLING OR OTHERWISE USING THE SOFTWARE. BY INSTALLING OR OTHERWISE USING THE SOFTWARE, YOU ARE AGREEING TO BE BOUND BY THE TERMS OF THIS LICENSE. IF YOU DO NOT AGREE TO THE TERMS OF THIS LICENSE, DO NOT INSTALL OR USE THE SOFTWARE AND PROMPTLY RETURN THIS PACKAGE AND ITS CONTENTS TO THE PLACE OF PURCHASE FOR A REFUND OR EXCHANGE SUBJECT TO THE RETURN POLICY OF THE RETAILER.

The computer program, artwork, music, printed materials, on-line or electronic documentation, and other components included in this product and all copies of such materials as such as may be modified or updated (collectively referred to as the "Software"), are the copyrighted property of LucasArts, a division of Lucasfilm Entertainment Company Ltd. and/or its affiliated entities or divisions, and its licensors (collectively referred to as "LucasArts" or "Publisher"). The Software is non-exclusively licensed (not sold) to you, and LucasArts owns and/or controls all copyright, trade secret, patent and other proprietary rights in the Software. LucasArts may make improvements or updates to the Software at any time and with or without notice to you, which may be automatically downloaded into the memory card(s) used in connection with the Software. Such updates or improvements may change the game play associated with the Software.

Subject to the terms and conditions of this Agreement, you may use the Software, solely for your personal use and only in connection with a Sony PlayStation2 computer entertainment system. You may not circumvent or attempt to circumvent any technological measures in the Software or the media designed to prevent copying or unauthorized access.

All rights not specifically granted under this Agreement are reserved by LucasArts and, as applicable, their licensors. You may not: (1) copy the Software in its entirety onto a hard drive or other storage device and you must run the Software from the included Digital Versatile Disc ("DVD"); (2) distribute, rent, lease or sublicense all or any portion of the Software; (3) modify or prepare derivative works of the Software, except as otherwise may be allowed herein; (4) transmit the Software over a network, by telephone, or electronically using any means, or permit use of the Software, in a network, multi-user arrangement or remote access arrangement except in the course of your network multiplayer play of the Software over authorized networks in accordance with its documentation; (5) engage in matchmaking for multiplayer play over unauthorized networks; (6) design or distribute unauthorized levels; (7) reverse engineer the Software, derive source code, or otherwise attempt to reconstruct or discover any underlying source code, ideas, algorithms, file formats, programming or interoperability interfaces of the Software by any means whatsoever, except to the extent expressly permitted by law despite a contractual provision to the contrary, and then only after you have notified LucasArts in writing of your intended activities; (8) remove, disable, or circumvent any proprietary notices or labels contained on or within the Software; (9) export or re-export the Software or any copy or adaptation thereof in violation of any applicable laws or regulations; or (10) commercially exploit the Software, specifically at any cyber café, computer gaming center or any other public site without first obtaining a separate license from LucasArts (which it may or may not issue in its sole discretion) for such use, and LucasArts may charge a fee for any such separate license.

You may transfer the Software, but only if the recipient agrees to accept and be bound by the terms and conditions of this Agreement. If you transfer the Software, you must transfer all components and documentation. Your rights in and to this license are automatically terminated if and when you transfer the Software.

LucasArts warrants to the original consumer purchaser only that the media furnished in this Software will be free from defects in materials and workmanship under normal use for a period of ninety

(90) days from the date of purchase (as evidenced by your receipt). If the media furnished in this Software proves to be defective, and provided that the original consumer purchaser returns the media to LucasArts in accordance with the instructions in this paragraph, LucasArts will replace the defective media: (a) free of charge to the original consumer purchaser, if the media proves to be defective within the ninety (90) day period following the date of purchase, or (b) for a fee of \$15.00 (all references here-in are to United States dollars) per DVD, if the media proves to be defective after the expiration of the ninety (90) day warranty period, provided that the request is made within a reasonable time from purchase, and LucasArts continues to distribute the DVD commercially. To obtain a replacement DVD, please return the defective DVD only, postage prepaid, to LucasArts, a division of Lucasfilm Entertainment Company Ltd., P.O. Box 10307, San Rafael, CA 94912, accompanied by proof of date of purchase, a description of the defect, and your name and return address, as well as a check for \$15.00 made payable to LucasArts per DVD if after expiration of the warranty period. LucasArts will mail a replacement to you. In the event that the Software is no longer available, LucasArts retains the right to substitute a similar product of equal or greater value. This warranty is not applicable and shall be void if the defect has arisen through abuse, mistreatment, neglect, or from normal wear and tear. LucasArts has no obligation to provide support, maintenance, upgrades, modifications or new releases under this Agreement.

You expressly acknowledge and agree that use of the Software is at your sole risk. Except for the limited ninety (90) day warranty on the media set forth above, the Software and any related documentation or materials are provided "AS IS" and without warranty of any kind. LUCASARTS EXPRESSLY DISCLAIMS ALL WARRANTIES, EXPRESS AND IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NONINFRINGEMENT. LUCASARTS DOES NOT WARRANT THAT THE FUNCTIONS CONTAINED IN THE SOFTWARE WILL MEET YOUR REQUIREMENTS, THAT THE OPERATION OF THE SOFTWARE WILL BE UNINTERRUPTED OR ERROR-FREE, OR THAT DEFECTS IN THE SOFTWARE WILL BE CORRECTED. THE ENTIRE RISK AS TO THE RESULTS AND PERFORMANCE OF THE SOFTWARE IS ASSUMED BY YOU, AND YOU (AND NOT LUCASARTS) ASSUME THE ENTIRE COST OF ALL SERVICING, REPAIR AND/OR CORRECTION. LUCASARTS SHALL ALSO NOT BE LIABLE FOR ANY DELAYS, SYSTEM FAILURES OR SYSTEM OUTAGES WHICH MAY, FROM TIME TO TIME, AFFECT ONLINE GAME PLAY IF APPLICABLE OR ACCESS THERETO. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OF IMPLIED WARRANTIES, SO THE ABOVE EXCLUSION MAY NOT APPLY TO YOU.

UNDER NO CIRCUMSTANCES INCLUDING NEGLIGENCE, SHALL LUCASARTS, OR ITS DIRECTORS, OFFICERS, EMPLOYEES, LICENSORS, LICENSEES OR AGENTS, BE LIABLE TO YOU FOR ANY INCIDENTAL, INDIRECT, SPECIAL OR CONSEQUENTIAL DAMAGES (INCLUDING DAMAGES FOR LOSS OF BUSINESS PROFITS, BUSINESS INTERRUPTION, LOST DATA, LOSS OF BUSINESS INFORMATION, AND THE LIKE) ARISING OUT OF THE POSSESSION, USE, OR MALFUNCTION OF THIS PRODUCT, INCLUDING WITHOUT LIMITATION, DAMAGE TO PROPERTY AND, TO THE EXTENT PERMITTED BY LAW, DAMAGES FOR PERSONAL INJURY, EVEN IF LUCASARTS OR A LUCASARTS AUTHORIZED REPRESENTATIVE HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES OR LOSS. SOME JURISDICTIONS DO NOT ALLOW THE LIMITATION OR EXCLUSION OF LIABILITY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.

YOU AGREE THAT THE LIABILITY OF LUCASARTS ARISING OUT OF ANY KIND OF LEGAL CLAIM (WHETHER IN CONTRACT, TORT, OR OTHERWISE) WILL NOT EXCEED THE AMOUNT YOU ORIGINALLY PAID FOR THE USE OF THE SOFTWARE. YOU AGREE TO WAIVE ANY RIGHT TO EQUITABLE RELIEF, INCLUDING, WITHOUT LIMITATION, ANY INJUNCTIVE RELIEF, TO ENFORCE THE TERMS HEREOF. THE PARTIES ACKNOWLEDGE THAT THE LIMITATIONS OF LIABILITY IN THIS AND OTHER PROVISIONS OF THIS AGREEMENT AND THE ALLOCATION OF RISK HEREIN ARE AN ESSENTIAL ELEMENT OF THE BAR-

GAIN BETWEEN THE PARTIES, WITHOUT WHICH LUCASARTS WOULD NOT HAVE ENTERED INTO THIS AGREEMENT. LUCASARTS' PRICING REFLECTS THIS ALLOCATION OF RISK AND THE LIMITATION OF LIABILITY SPECIFIED HEREIN.

THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY HAVE OTHER RIGHTS DEPENDING ON THE LAWS IN YOUR STATE.

This Agreement is governed in all respects by the laws of the State of California as such laws are applied to agreements entered into and to be performed entirely within California between California residents, and you hereby consent to personal jurisdiction in California. This Agreement will not be governed by the United Nations Convention on Contracts for the International Sale of Goods, the application of which is expressly excluded. You and LucasArts each agree that any claim or controversy arising out of this Agreement or the Software shall be settled by expedited binding arbitration in accordance with the rules of the American Arbitration Association. Such arbitration shall take place in Marin County, California, and you waive any claim that such forum is inconvenient. Any such claim or controversy shall be arbitrated solely on an individual basis and shall not be consolidated with a claim of any other party. The arbitrator may not change the terms of this Agreement. The arbitrator may award injunctive or other equitable relief to enforce the terms hereof; provided, however, that no injunctive or equitable relief may be awarded that would enjoin or impair LucasArts' rights or ability to distribute or otherwise market, advertise, promote or exploit the Software. If it is judicially determined that any claim or controversy arising out of or related to this Agreement or the Software cannot be settled by expedited binding arbitration as noted above, then you agree that any such claims or controversies shall be brought and maintained in the state courts located within the County of Marin, State of California or the federal courts of the Northern District of California, and you waive any claim that either such forum is inconvenient. The foregoing shall not preclude LucasArts from seeking any injunctive or other relief for protection of LucasArts' intellectual property rights or similar rights in any court of competent jurisdiction. Because LucasArts would be irreparably damaged if the terms of this Agreement were not specifically enforced, you agree that LucasArts shall be entitled, without bond, other security or proof of damages, to appropriate equitable remedies with respect to breaches of this Agreement, in addition to such other remedies as LucasArts may otherwise have under applicable laws. The prevailing party in any action to enforce this Agreement shall be entitled to recover costs and expenses including, without limitation, reasonable attorney's fees. LucasArts shall have the right, but not the obligation, to defend or settle, at its option, any action or proceeding arising from a claim that your permitted use of the Software infringes or misappropriates any patent, copyright, or other ownership of a third party. You agree to provide LucasArts with written notice of any such claim within ten (10) business days of your first knowledge thereof and to provide reasonable assistance in the defense of such claim. LucasArts shall have sole discretion and control over the defense or settlement of such claim, unless it declines to

defend or settle such claim, in which case you are free to pursue such course of action as you reasonably determine. LucasArts is under no obligation hereunder to indemnify or hold you harmless with respect to any actions, proceedings or claims. In the event of such a claim, or if LucasArts believes such a claim is likely, LucasArts may: (i) procure for you the right to continue using the Software; (ii) modify the Software so that it becomes non-infringing; or, (iii) terminate this Agreement. You agree to comply with any court judgment or other conditions imposed on you or LucasArts as a result of an allegation of patent or copyright infringement (whether by court order, agreement or otherwise), whether or not such judgment or conditions contradict the conditions of this Agreement, including without limitation, ceasing use of the Software.

If any provision of this Agreement is held to be invalid or unenforceable, such provision shall be struck and the validity and enforceability of the

remainder of this Agreement shall in no way be affected or impaired thereby and such provision shall be enforced to the maximum extent possible so as to effect the intent of the parties and shall be reformed without further action by the parties to the extent necessary to make such provision valid and enforceable. LucasArts' failure to act with respect to a breach by you or others does not waive LucasArts' right to act with respect to subsequent or similar breaches, nor will any single or partial exercise of any right hereunder preclude further exercise of any other right hereunder. This Agreement sets forth the entire understanding and agreement between you and LucasArts with respect to the subject matter hereof. Except as provided herein, this Agreement may not be amended except in a writing signed by both parties; provided, however, that LucasArts has the right, without notice and/or without a writing signed by both parties, to amend this Agreement in connection with any modifications or updates to the Software.

The license term shall commence as of the date you install or otherwise use the Software. You may terminate this license by disposing of the Software. Without prejudice to any other rights of LucasArts, this Agreement will terminate automatically if you fail to comply with its terms and conditions. In such event, you must destroy all copies of the Software and all its component parts. Your disposal or destruction of the Software and any component parts must be done in accordance with applicable law. Except for the license granted herein and as expressly provided herein, the terms of this Agreement will survive termination.

If the Software is acquired under agreement with the U.S. government or any agency or instrumentality thereof, it is acquired as "commercial computer software" subject to the provisions hereof, as specified in 48 CFR 12.212 of the FAR and, if acquired for Department of Defense (DoD) units, 48 CFR 227-7202 of the DoD FAR Supplement, or sections succeeding thereto.
