A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation®2 console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game—dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions—IMMEDIATELY discontinue use and consult your physician before resuming play.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation®2 console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

USE OF UNAUTHORIZED PRODUCT:

The use of software or peripherals not authorized by Sony Computer Entertainment America may damage your console and/or invalidate your warranty. Only official or licensed peripherals should be used in the controller ports or MEMORY CARD slots.

HANDLING YOUR PLAYSTATION®2 FORMAT DISC:

- This disc is intended for use only with PlayStation®2 consoles with the NTSC U/C designation.
- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.

Double Team Moves

There are two different types of Double Team moves in **SmackDown! Here Comes the Pain**—Normal and Tag Team.

- **Normal**—To perform a Normal Double Team move, one Superstar must lift an opponent into a grapple. A second Superstar must approach the two of them and press any of the four directional buttons and the Ⓔ button to execute the Double Team move.
- **Tag Team**—Because tag teams have good chemistry, Tag Team Double Team moves are easier to execute than Normal Double Team moves. Simply Irish Whip an opponent into your team's corner and execute a grapple (any directional button + the Ⓔ button) to tag your opponent and deliver a devastating double dose of destruction. After the move, your partner will be the legal Superstar in the ring.

- Single
- Cage
- Hardcore
- Hell in a Cell™
- Ladder
- Submission
- Table
- TLC
- Last Man Standing
- First Blood

Bra & Panty – Perhaps the greatest single sports-entertainment match ever conceived, two Divas battle it out until one has been stripped down to her bra and panties!

Cage – The classic “two men enter, one man leaves” match. Pin and Give Up variations confine action to the cage and only end with a pinfall or tap-out.

- Single
- Tornado Tag
- Triple-Threat
- Fatal Four-Way
- Single Pin and Give Up
- Triple-Threat Pin and Give Up
- Fatal Four-Way Pin and Give Up

Elimination Chamber – A six Superstar elimination event, two Superstars begin the match. Then, every 60 seconds, a Superstar is released from his chamber to enter the match. Eliminate all your opponents for victory.

- Single
- Tornado Tag
- Triple-Threat Tornado Tag
- Triple-Threat
- Fatal Four-Way

Last Man Standing – Similar to a Hardcore match, there are no rules. The match ends when one Superstar is literally unable to stand up before the referee counts to ten.

Lumber Jack – A horde of Superstars await any jobber foolish enough to leave the ring during a Lumber Jack match.

Slobber-Knocker™ – A never-ending stream of opponents will enter the ring, how many can you defeat?

- Time Limit
- No Limit
- Anywhere

Special Referee – Don't count on a fair fight in a Special Referee Match, because the player- or COM-controlled referee can't be trusted to call 'em like he sees 'em. The ref not only makes all count-out, pinfall and DQ calls at his own pace (by pressing the **⊙** button), but he can also get involved in the match—after all, who's going to DQ the ref?

- One Referee Single
- One Referee Normal Tag
- One Referee Iron Man
- Two Referees Single
- Two Referees Normal Tag
- Two Referees Iron Man

Submission – Force your opponent to tap-out. Choose **ULTIMATE SUBMISSION** to score a point for each submission within a time limit—similar to a submission-only Iron Man match.

- Single
- Ultimate Submission

Table – The only way to defeat your opponent is to knock him out—through a table! After the table is set up, whip your opponent on top and execute a power move to put him through it (or just lean the table up in a turnbuckle and Irish Whip him through it) for the win.

- Single
- Tornado Tag
- Triple-Threat
- Fatal Four-Way
- Tornado Six-Man Tag

TLC – This match is full of everything except tender loving care! In a Tables, Ladders & Chairs Match, use the tables and chairs to pummel your opponent, then set up the ladder to grab the belt hanging high above the ring.

- Single
- Tornado Tag
- Triple-Threat
- Fatal Four-Way
- Title
- Title Tornado Tag
- Title Triple-Threat

TIPS

2. Running attacks are the quickest way to knock your opponent to the mat!
3. Watch the **SmackDown!** Meter! When your **SmackDown!** Meter is full, layeth the **SmackDown!**
4. To counter a pin or grapple, press the **Y** button as fast as you can.
5. To counter a striking attack, press the **Z** button.
6. When on top of the turnbuckle, make sure your opponent is within range. If you jump off and miss your attack, you will take some damage!
