INTRODUCTION*

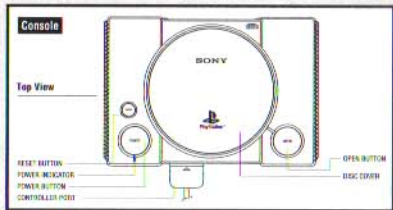

Everyone's favorite friends with a "passion for fashion" are back in their very own totally-hot dress-up 'n' dance videogame! Do you think you have what it takes to be in a stylin' music video? Well, if you look the part and have the right moves, you could be! Just pick your favorite Bratz-girl and get ready to Xpress yourself as you dress up and get down in the coolest places, like the mall or the local disco, on your way to becoming a sizzlin' video-music superstar!

*GETTING STARTED.

Important! Do not insert or remove peripherals or a memory card once the power is turned on. You will need a memory card to save your games.

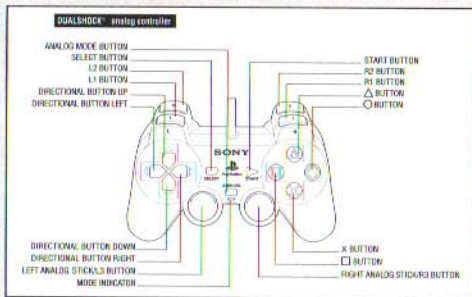

1. Set up your PlayStation® console according to the instructions in its Instruction Manual.
2. Make sure the power button is off before inserting or removing a disc.
3. Insert the Bratz™ disc and close the disc cover.
4. Insert the controllers (and memory card if you have one).
5. Turn on the Playstation console. Follow on-screen instructions to start a game. The introductory sequence will begin. To skip this sequence and go directly to the main menu, press the START button.

Note: You will not be able to save your progress or game information if you do not use a memory card. Make sure there is at least one free block on your memory card before beginning your game in order to save your game.

CONTROLS

Note: If you have a dance pad, you can use it in place of the controller!

STARTING THE GAME*

Get ready to strut your stuff and flaunt your style! First, select "Contest Mode" to play. Next, after selecting "New Game," enter a groovalicious name for your game! As you advance in the contest mode, you'll be given the option to save your game. When you return to the Contest, select "Continue Game" and then

the name of the game you created. Everything you've unlocked in your progress will be restored!

Use the direction button to select a letter and press the X button to confirm your selection. You can press the Square button at any time to cancel a selection you have made. Select the "aA" option to change the case of the letters.

You will then be able to select a difficulty for the game you are playing. There are 3 difficulty settings:

CASUAL STYLE

Only the left directional button and right directional button are used to make your character dance. If you're playing for the first time it's a good idea to select this difficulty to help you get used to the game!

SEMI-CASUAL COOL

The normal difficulty level. You will use all the directional buttons to control your character!

FORMAL FUNK

You will need to use almost all of the buttons to make your character dance. It's harder but you get way more points!

Casual Style gives you half the value of points that you would earn if you played Semi-Casual Cool, and you earn twice the value of points in Formal Funk!

* THE CHARACTERS *

Choose from any of these five funkadelic Bratz-girls: Cloe™, Sasha™, Yasmin™, Jade™, and Meygan™! There are 5 Bratz-girls to choose from. Each one has 4 different outfits to wear! Play with your favorite or play with them all! It's up to you!

Cloe™ Jade™ Sasha™ Yasmin™ Meygan™

To choose a character, press the left directional button or the right directional button to cycle through them and choose your favorite costume! You'll be able to change the costumes between songs as you like, but you'll have to unlock all of them first!

* THE MENUS *

Game Help

Remember you can get help at any time by pressing the SELECT button when you see .

Main Menu

This is the Main Menu for the game:

Practice

Use this mode to get familiar with the game and to practice songs and moves that you have unlocked!

Contest

The main mode of the game! Can you dance your way through to the Hollywood shoot? Unlock new moves, songs and special moves in this mode. Play again with the different Bratz-girls to earn more points and unlock all the moves!

Multiplayer

Choose this option for multiplayer action. You will need two controllers to play!

Options

Here you can change the language, view the credits, or check out the highest scores!

* THE GAME *

Contest mode is the main mode of the game where you will get to dance your way to stardom! The better you dance, the more dance steps you unlock, and the better dancer you will become!

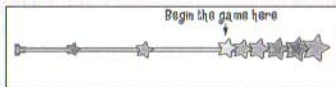

* THE STEPS INDICATOR

This indicator tells you what the moves will be! Watch it closely and try to do as it says! Arrows radiate from the center. When one aligns with an outer arrow, press your directional button in the same direction! The more accurate you are, the better your score. Try to get as many perfect moves as you can to get a higher score. The higher your score, the more dance steps you unlock for use in the funky Freestyle sections!

THE COOL-O-METER *

The Cool-O-Meter is an indication of how well you are doing. When you do PERFECT moves the Cool-O-Meter grows! When you MISS a move, the Cool-O-Meter will decrease. If you miss too many you'll have to restart the level, but if you dance really well, you'll score an extra 50,000 points!

* FREESTYLE SECTIONS *

This is where you can really show off how well you can dance! At least once per song there will be a Freestyle section. You will know this is coming when the Steps Indicator shrinks. You have 10 seconds to enter as many moves as you can to get bonus points!

* THE MOVES

There are a total of 35 dance moves to the game. Only 4 are unlocked to start off with, and it's up to you to unlock more in the Contest. All the moves you see your Bratz-girl doing in the game are unlockable. These are called "Basic Moves" and each Bratz-girl comes with her very own unique move! The best moves of all are called "Stylin' Moves" and are awarded when you have done exceptionally well. They are hard to do, but earn you even more points when you pull them off! Doing certain combinations of the Stylin' Moves earns you even more points. Be careful not to always do the same move because you earn fewer points for not being creative.

MULTIPLAYER MODES *

You can play Copy Cat or Competitive Dance with a friend! In both game modes you can play as any Bratz-girl and use any of the moves you have unlocked so far!

* COPY CAT

Player one goes first and performs one input and then player two copies that input and adds an input of their own! Then player one must repeat the two inputs in the chain and add a third and so forth. The first one to miss one in the sequence ends the game. What's the longest chain you and your friend can create? You will need two controllers to play.

* COMPETITIVE DANCE *

You can play the Contest against a friend! Can you out-dance them and be the winner? Use any of the moves you have unlocked so far to be the best dancer around! Flaunt it! You will need two controllers to play.

* SAVING AND LOADING *

You will be able to save your progress after every song you complete in the Contest Mode. Just select the SAVE option from the room screen and then select a free space. You can reload any previously saved games in the Options menu or whenever you choose Continue Game.

Ubi Soft agrees for a period of ninety (90) days to either replace defective product free of charge provided you return the defective item with dated proof of purchase to the store from which the product was originally purchased or repair or replace the defective product at its option free of charge, when accompanied with a proof of purchase and sent to our offices postage prepaid.
