KONAMI, INC. LIMITED WARRANTY

Konami, Inc. warrants to the original purchaser of this Konami software product that the medium on which this computer program is recorded is free from defects in materials and workmanship for a period of ninety (90) days from the date of purchase. This Konami software program is sold "as is," without express or implied warranty of any kind, and Konami is not liable for any losses or damages of any kind resulting from use of this program. Konami agrees for a period of ninety (90) days to either repair or replace, at its option, free of charge, any Konami software product, postage paid, with proof of date of purchase, at its Factory Service Center. This warranty is not applicable to normal wear and tear. This warranty shall not be applicable and shall be void if the defect in the Konami software product has arisen through abuse, unreasonable use, mistreatment or neglect. THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES AND NO OTHER REPRESENTATIONS OR CLAIMS OF ANY NATURE SHALL BE BINDING ON OR OBLIGATE KONAMI. ANY IMPLIED WARRANTIES APPLICABLE TO THIS SOFTWARE PRODUCT, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO THE NINETY (90) DAY PERIOD DESCRIBED ABOVE. IN NO EVENT WILL KONAMI BE LIABLE FOR ANY SPECIAL INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM POSSESSION, USE OR MALFUNCTION OF THIS KONAMI SOFTWARE PRODUCT.

Some states do not allow limitations as to how long an implied warranty lasts and/or exclusions or limitations of incidental or consequential damages so the above limitations and/or exclusions of liability may not apply to you. This warranty gives you specific rights, and you may also have other rights which vary from state to state.

THIS OFFICIAL SEAL IS YOUR ASSURANCE THAT NINTENDO HAS APPROVED THE QUALITY OF THIS PRODUCT. ALWAYS LOOK FOR THIS SEAL WHEN BUYING GAMES AND ACCESSORIES TO ENSURE COMPLETE COMPATIBILITY WITH YOUR SUPER NINTENDO ENTERTAINMENT SYSTEM. ALL NINTENDO PRODUCTS ARE LICENSED FOR SALE FOR USE ONLY WITH OTHER AUTHORIZED PRODUCTS BEARING THE OFFICIAL NINTENDO SEAL OF QUALITY.

EVIL LURKS IN THE DARKNESS...

In the small country of Transylvania there is a legend which says that every 100 years the forces of Good mysteriously become weak and the forces of Evil gain a foothold into our world. The evil manifests itself in the form of one of the most feared characters to roam the earth — the vampire Dracula!

Every 100 years Dracula is revived and grows stronger and stronger. His goal is to turn all humanity into creatures of darkness, to be ruled under his iron fist. He has appeared in this world many times, and there are many people who fear that in his next appearance, he may be unstoppable.

There is one group that has always been around to see that Dracula is defeated, the Belmont family. For generations the Belmonts have passed along the secrets and skills of vampire-hunting to the eldest child of the family. While many of the Belmonts have lived peaceful lives without encountering Dracula, they remain prepared. There are occasional skirmishes with lesser monsters, but the Belmont clan has always emerged victorious.

Now, 100 years have passed since the last battle between Dracula and the Belmonts. Transylvanians are reporting mysterious sightings of odd creatures appearing under cover of the darkness. As Spring approaches, the citizens prepare for a traditional celebration.

Unbeknownst to them, an evil group of people is holding a ceremony in the old destroyed abbey outside of town, attempting to revive the Prince of Darkness. As they carry out their ritual a dark cloud descends over the countryside. The sinister group stirs itself into a frenzy of mysterious chanting and pagan dancing, then lightning strikes the abbey. The ground bucks under their feet, and the abbey walls shudder. Once again, Dracula is revived!

It is time once again for Simon Belmont to call forth the powers of good to aid him in his battle. Armed with his mystical whip, his courage and the centuries-old knowledge of Belmont family training, he sets forth on his mission...

HOW TO PLAY

This adventure is centered around Simon Belmont. As Simon, you will whip your way through eleven horrific levels, haunted by some of the most fearsome ghouls you've ever encountered. And, as if the creatures along the way weren't bad enough, each time you reach the end of a level, you'll come face-to-fang with a really gruesome Boss Character. Defeating the boss of each level reveals a Ball of Light that you must grab to replenish your life gauge.

THE LIFE OF YOUR PARTY

Simon begins the game with three lives. When all three are gone the game is over. When the game is over, Dracula and his minions are free to roam the earth. You DONT want that to happen!

TIME IS ON YOUR SIDE -- FOR NOW!

Simon has a limited amount of time to complete each level. If time runs out before you defeat the Evil Boss for the current level, then you lose one of Simon's lives.

GET A LIFE, SIMON

Boost Simon's life gauge by capturing food items that appear after you have blown out a candle or defeated an evil enemy. Other items add new weapons and other bonuses. These will be explained later.

BEGINNING YOUR QUEST

Insert the game pak into your Super NES™. Turn on the power. After the title screen appears, you will have three choices: START, CONTINUE or OPTIONS.

- 1. Start:** Select this choice when you are beginning a new game or playing for the first time.
- 2. Continue:** This is the password screen that lets you resume your game from a previous stage.
- 3. Options:** This lets you decide which buttons control each of Simon's actions. Use the Control Pad to scroll between choices. For the Sound mode you can select either STEREO or MONAURAL.

THE PASSWORD IS...

You will be allowed to see a password after losing all your lives and then selecting the "End" option. The password you are given can be used when you return to the adventure. It will catapult you to the level at which you left. You will be starting the level with none of your previously earned bonuses or power-ups.

When you choose "Continue" at the opening title screen, you will be taken to the password screen. At the top of the screen are four items; an empty box, a heart, an axe and a bottle of sacred water. Use the Left or Right buttons to move left and right across the boxes. When you have selected an item, use the Control Pad to highlight a box in the bottom grid. Press the A button to enter the item in the grid. When you have filled in the grid to match the password for the level you want, then press the Start button.

GUIDING SIMON'S ADVENTURE

Guiding Simon is fairly easy. Press the Control Pad in the direction you want to move him. To use the whip, press the Control Pad and the B button in the direction you want to crack it.

- Start Button:** Press to enter your choice from the selection screens. Press to pause during the game.
- Control Pad:** Press to move Simon. Also used to aim the whip in eight directions.
- Y Button:** Press to crack the whip.
- B Button:** Press to jump.
- Right Button:** Press to use special items.
- Select, Left, X, A Buttons:** Inactive during the game.

NOTE: The above button selections are the defaults for each controller. You may arrange the JUMP, WHIP and ITEM yourself through the Option selection at the start of the game.

WHEN THE WHIP COMES DOWN...

Simon has found an ancient tome left to him by his ancestors revealing the secret of the whip. In it, he learns that the whip can snap in eight directions. It is not only a powerful weapon, but a useful means of transportation as well! There are special rings that Simon can latch onto with his whip to swing over areas that are too wide to jump across. Just whip the ring the same way you would an enemy — aim with the Control Pad and press the B button. Here are some other handy haunt-hunting hints:

- If you hold the B button down, the whip goes limp after snapping and you can wave it around by using the Control Pad. It will still do damage to your enemies, but not as much as a good strong snap!
- If you jump in the air, press the Control Pad down and press the B button, Simon will whip straight down.

REACHING NEW LEVELS OF TERROR

Level 1

Rowdain

Medusa

Level 2

Level 3

Orphic Vipers

Puweyxil

Level 4

Koranot

Level 5

The Dancing Spectres:
Paula Abghoul & Fred Askare

Level 6

Sir Grakul

Level 7

The Monster

Level 8

Zapf Bat

Level 9

Akmodan II

Level A

Level B

Slogra

Dracula!

THE WEAPONS OF CHOICE

In addition to the Mystical Whip, you can find other weapons hidden along the way. If you want to vanquish Dracula for good, you'll need all the help you can get!

Watch Stops most enemy action

Dagger Destroys target object

THE PATH TO DRACULA

Simon Belmont's journey takes him through 11 stages, five outside Dracula's castle and six inside. In the course of his quest he meets a host of enemies, but just as dangerous as the traps that lie waiting in cunning dungeons. You must witness every vigilante. Look for motion or flickering images that might reveal some lurking danger. Even innocent-looking allies might attack you. This map lists at some of the dangers ahead.

STAGE 5 THE CASTLE COURT

Stage 5 is a race through the outer courtyard of Dracula's castle. Enemies appear constantly, but none are difficult to defeat. The real challenge is moving fast enough to clear the stage before the timer runs out.

At the end of this stage is the entrance to Dracula's Castle. You have seen the site, but you can't get half way to your goal.

STAGE 4

THE OUTER KEEP

Dracula's domain includes many castles. Stage 4 leads through the towers and turrets of the Outer Keep. In Stage 4-1 Your jousting skills will be tested by flipping floor boards and skeletons who reach for you from cracks in the wall. The bizarre Puyweyxi, a skull with a serpentine tongue, must be defeated before moving on to 4-2. Deeper in the Keep you'll face a rotating maze, a spinning corridor, a maze of moving blocks that can crush you like an insect, and finally, Koranot—a fearsome creature of solid stone.

PUWEYXIL

Attack Puyweyxi from the left hand side of the screen with your Whip and the foe. When the creature is damaged, bricks fall from the wall. But don't let up on your attack.

KORANOT

Koranot's heavy steps bring bricks tumbling from the ceiling. Must close in to attack with the Whip when he moves aside. He'll attack with his staff to force you back.

STAGE 6

THE HALLS

Inside the castle you'll find elegant halls, fine draperies, and chandeliers, but you'll also discover that these halls are haunted by a ghastly host of creatures. From the gloom and height of the lower halls to the chilling dance partners—Pasha Abghel and Fred Arkane—at the end of the stage, you'll be accosted by creatures known beyond the grave. If you look with care, you'll also find a rich treasure store, and a hidden 1-Up in a wall near the end.

THE TANGO OF TERROR

These demons move on a platform through four primary ballrooms, making an attack strategy difficult. Stay at Whip's length from them.

At times, the demons call at you with holy keys to avoid them. You'll have the last chance to the middle of the room.

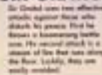

STAGE 7

THE UN-LIVING QUARTERS

Simon begins this stage in a library, which is filled with enormous books and shelves. Armored knights attack, as do other creatures of darkness, and even a few flying books. Beyond this, he ventures through long galleries whose portraits of Dracula's mother do more than give you evil looks. Sir Grakul, a powerful knight, bars the exit from this stage.

SIR GRAKUL

Sir Grakul uses two effective attacks against those who attack by surprise. First he attacks a bouncing ball with one. He's second attack is a charge of the feet run along the floor. Luckily, they can easily be avoided.

STAGE 2

See to pages 76 and 77 of the Super Castlevania manual in the back for details on Stage 2.

STAGE 1

Dungeons for viewing Stage 1 appear on pages 76 and 77 of the Super Castlevania manual in the back.

STAGE 5

On pages 80 and 81 of the Super Castlevania manual, you'll find tips for viewing Stage 5.

STAGE 8

The dungeons are filled with spiked platforms that crush to the floor, bone dragons, gravity pools and much more. Venture deep into the dungeons, then leap across a bridge of winking stones if you dare.

THE DUNGEONS THE MONSTER

He and his double are afraid of hitting. The whip Whip and Dodge the fire balls that the Monster throws.

STAGE 9

THE TREASURY

The Treasury has floors of gold and treasure chests of jewels, but all the riches in the world won't help you get past the endless progression of bats and skeletons. If Simon jumps 155 meters in one of the treasure chests, however, he will get a Pink Chop. The Zap! Bat at the end may give you nightmares.

ZAPF BAT

The Zapf Bat is surrounded by jewels. If you hit it, crystals fall away from it in a deadly rain. Stone can move quickly, especially when the bat moves. Being one these smaller versions of itself.

TWO MORE GRUELING STAGES AWAIT YOU
