# OUR HIGHFLYING HEROES

The *Swat Kats™* are renowned crime fighters... who pose as laid back "cool" auto mechanics by day. But don't be deceived, when mega-trouble arrives they jet off to save their world.

T-Bone™, the leader, is a look-before-you-leap daredevil who loves danger and derring-do. The riskier the enterprise, the happier he is. T-Bone is our pilot. He flies the Turbokat™ and gets it to do things Orville and Wilbur never imagined possible!

Razor™ is the more cautious of the two. He is the co-pilot, navigator and weapon's expert. He's the idea man who has designed much of the special unique weapons the *Swat Kats™* carries.

They may be a unit, but there's a macho rivalry between these two guys. They're always trying to one-up each other. They are two competitive cats -- racing each other, timing themselves on their route -- trying to beat their best time. They like challenging each other. And this friendly rivalry is at the heart of their unshakable friendship.
